

No Stone Unturned

Capo I

V1:

I'm searching for solace in the sadness

I wish I could take your pain

There's no method to the madness

When there's no one here to blame

And one day I hope that you learn

Through it all we left no stone unturned

Tried it all So it seems

Slayed the dragons and chased all your dreams

I know you'll win It's what you do

All I have you know I'll give it to you

It's love love love

V2:

I'm looking for the light in the lighthouse

Like a needle in the hay

All the doctors and medicines

And the people who pray

And one day I hope that you learn

Through it all we left no stone unturned

Tried it all So it seems

Slayed the dragons and chased all your dreams

I know you'll win It's what you do

All I have you know I'll give it to you

It's love love love

I know it's been hard

But you still found a way

To let your light shine in the darkest of days

You pulled me through when I started to fade

And now my hope is a little less gray

And one day I hope that you learn

Through it all we left no stone unturned

Tried it all So it seems

Slayed the dragons and chased all your dreams

I know you'll win It's what you do

All I have you know I'll give it to you

It's love love love

It's love love love
