

THOUGHTS

CAPO VII

Sometimes I like to think about what I thought about back then

Back when I knew everything if I could just go back again

Lately things have been shaky and my mind seems a little to thin

To keep my feet planted on the ground when these thoughts come rushing in

Cause I can't keep up

CHORUS

And that gets me down, down, down

Seems I'm just a little too late to think these thoughts that I've found, found, found

No I can't keep up no, no

And that gets me down, down, down

Seems I'm just a little too late to think these thoughts that I've found, found, found

Sometimes I like to dream about all the thoughts that have yet to come

Lookin' back on the lessons learned and all the plans that were left undone

Lately things seem hazy and my eyes looking towards the sun

Pray for the day when it's all ok and my mind doesn't have to run

Cause I can't keep up

CHORUS

And that gets me down, down, down

Seems I'm just a little too late to think these thoughts that I've found, found, found

No I can't keep up no, no

And that gets me down, down, down

Seems I'm just a little too late to think these thoughts that I've found, found, found

BRIDGE

Where do these thoughts come from (x4)

CHORUS

Cause I can't keep up no no

And that gets me down, down, down

Seems I'm just a little too late to think these thoughts that I've found, found, found

No I can't keep up no, no

And that gets me down, down, down

Seems I'm just a little too late to think these thoughts that I've found, found, found

Cause I can't keep up – FADE
