

## Fall (2004)

Out here in my daydream out where time does not apply  
And I'd stay in here forever if it meant we'd be together  
But you're never there to catch me when I fall  
No you're never there to catch me when I fall  
And oooooohh I fall  
And oooooohh I fall

Where do you go when you sleep I wanna know for my own peace of mind  
Are you here or somewhere else when you dream  
I gotta know for my own peace of mind

But oooooohh I fall  
But oooooohh I fall

Sometimes it's so hard to breathe  
I wear my heart on my sleeve  
Sometimes it's so hard to say  
But it all just fades away  
Yeah it all just fades away  
Yeah it all just fades away  
Yeah we all just fade away

But oooooohh I fall  
But oooooohh I fall

Where do you go when you sleep I wanna know for my own peace of mind  
Are you here or somewhere else when you dream  
I gotta know for my own peace of mind

But oooooohh I fall (Yeah it all just fades away)

And oooooohh I fall (Yeah it all just fades away)

And oooooohh I fall (Yeah it all just fades away)

And oooooohh I fall (Yeah it all just fades away)

And oooooohh I fall
