

# While We Wait (2024)

How many zeroes and ones does it take  
to make an ocean with a beach and some waves  
It's not a lot but it's more than I've got  
So I'll just try to have some fun while I wait

While I wait  
While I wait  
Don't hesitate to include everyone  
It's not a race that was meant to be won  
What's the point if we're not having fun  
While we wait

How many laps round the sun does it take  
To realize that it's never too late  
More than a few but what more can I do  
So I'll just try to have some fun while I wait

While I wait  
While I wait  
Don't hesitate to include everyone  
It's not a race that was meant to be won  
What's the point if we're not having fun  
While we wait.....

While we wait wait  
While we wait wait

Wait wait wait  
How many times did we try it

Wait wait wait  
Open your mind look inside it

Wait wait wait

Open your mind look inside it

Wait wait wait

Open your mind look inside it
