

Round We Go

Capo III

She comes to me with those understanding eyes

She don't have to say a word

Just a glance my way I fully realize

Like the song of a bird (2x)

Like a sunrise when you thought you went to sleep

Yeah the world keeps spinning round

Little footsteps of the kids you like to keep

Yeah the world keeps spinning round, and round

CHORUS

Round and round we go x4

*Whistle over verse cords

Well I come to you with my heart spread on my sleeve

I don't have to say a word

Close my eyes feel the earth beneath my feet

Like the song of a bird (2x)

CHORUS

Round and round we go (x4)

OUTTRO

Round and round we go (x4)
