The Turner Times is looking for writers to share their short stories to be published on the front page of the monthly newsletter/calendar.

Stories can be encouraging, entertaining, thought-provoking, light-hearted, or just share your thoughts on your favorite subject.

Stories should be at least 650 to 725 words long. I prefer stories submitted to be typed and sent electronically by email, but I will also consider handwritten submissions if I can decipher your handwriting.

We have a community with vast knowledge and talent, so why not share it with others? If you are interested, please contact Cindy in the office. I'd like to start with the January newsletter/calendar!
