Steps to Become A Resident

I'm interested in becoming a resident at Turner Homes, what do I do?

- 1.) Your first step is to call the office and make an appointment to meet with Administration. Appointments are available during business hours; Monday—Friday between 8 am and 4 pm. (Other times may be available, so please discuss this with Administration.) When you schedule your appointment you can also ask for a tour, and pick up an application. Applications are also available by calling the office and request one to be mailed, or access our online application at trhomes.org.
- 2.) Once you have your application completed, turn your application in to the office with the application fee. All application forms and fees must be in the possession of Turner Homes before any application will be considered for acceptance.
- 3.) Administration will review the application and let you know if you are a good fit. If you are approved, you will be offered an available residence, or be added to a waiting list. The length of wait times vary, so it's difficult to be able to estimate how long it will take, but once a unit becomes available you will be notified and have a chance to come and take a look at that unit. Then you decide if you want to take that unit or wait until another unit becomes available.
