

How brands work online

01

Generate leads for respective domain

Generation of leads through various media, already handling 1000+ leads across India

We make sure that our leads are consistent with business opportunity we propose and generate revenue

02

Engagement of leads through A&R groups

Building proper relationship with clients result trust and faith

A&R group engage with clients like distributors, retailers mostly
Offering them new opportunity with revenue business plan is major task

03

Proposing business plan to our leads

Business plan for Demat, Insurance, electronic wallet works differently in different locations in India,
We propose with next 3 month expected revenue plan and ensure that is happening with our man power and client as well

04

Closure and best productivity & Social media

Having proper plan results closure, and we make them through digital marketing in his area,.

Hard copy, soft copy brochures video, testimonials which help them for engagement of their clients which A&R research and execute
