To whom it may concern,

I am honoured to recommend the Oxford Numerology University and its Certified Numerologist training programme.

As a student in this foundational course, I have found the content to be deeply insightful, well-structured, and professionally delivered. Under the expert guidance of Prof. Dr. Diana Metiu, I have acquired not only a strong theoretical foundation but also practical tools that I now apply with clarity and confidence.

I began studying with Prof. Dr. Diana Metiu in 2020, during my initial training in numerology. From the very beginning, her depth of knowledge, clarity of explanations, and generous mentorship have had a profound impact on me. I can personally attest to her academic excellence, as well as to her ability to integrate symbolism, science, and personal development into a unified, modern approach to numerology.

This programme is a milestone in my development as a numerologist. I highly recommend it for its academic rigour and transformative power.

Sincerely,

Anca Iordan
