

Oxford Numerology University®

The Standard in Numerology Education.

Institutional Overview

Oxford Numerology University® is a private academic institution established under the legal framework of the Oxford Numerology Society (UK registration no. 14923926, est. 2023). The university provides structured, high-level educational programs in applied numerology, grounded in both scientific rigor and personal development methodologies.

Oxford Numerology University® is the first international institution to operate in alignment with an officially recognized occupational standard for Numerologist – COR code 516102 – validated in European Union by the National Qualifications Framework of Romania and aligned with the European Qualifications Framework (EQF Level 4). The official requirement of 1080 hours of study per year is fully respected and implemented.

The founding dean of Oxford Numerology University® is **Prof. Dr. Diana Metiu**, who began her professional journey as a numerologist in 2004. She initiated the work on European Union's official occupational standard for numerologists in 2021 and successfully completed it in Romania in 2023, resulting in the inclusion of the profession under COR code 516102. Her vision and leadership have shaped Oxford Numerology University® as a reference institution in structured numerology education.

Mission Statement

To professionalize the field of numerology through structured education, ethical practice, and international collaboration, empowering individuals to support others in their journey of self-discovery, decision-making, and conscious evolution.

Educational Pathways

Oxford Numerology University® offers a progressive academic certification structure, with each year comprising 1080 hours of structured study, in full compliance with COR 516102 requirements:

1. Year 1 – Certified Numerologist®

- 1080 hours (January to December)
- Foundational training in applied numerology, birth code analysis, dynamic cycles, personal years, compatibility studies, and synthesis of life charts.

Oxford Numerology University®

2. Year 2 – Counsellor Numerologist®

- 1080 hours
- Available only to those who have completed the Certified Numerologist® program. Focus on advanced behavioural analysis, contextual guidance, and interpersonal dynamics through numerological tools.

3. Year 3 – Trainer Numerologist®

- 1080 hours
- Available only to those who have completed the Counsellor Numerologist® program. Advanced didactic methodology, teaching practice, case-based mentoring, and development of educational content in numerology.

4. Year 4 – Coach Numerologist®

- 1080 hours
- Exclusive to graduates of the Trainer Numerologist® level. Focuses on transformational coaching, strategic numerological consulting, and leadership in the holistic development field.

5. Year 5 – Professor Numerologist®

- 1080 hours
- Accessible only to those holding the Coach Numerologist® diploma. Emphasizes advanced research in numerological systems, publishing, public discourse, and mentorship of lower levels.

6. Year 6 – Master Numerologist®

- 1080 hours
- Reserved for those who have completed the Professor Numerologist® program. This is the highest academic and professional distinction within the Oxford Numerology University system, focused on innovation, legacy-building, and guiding the global development of the discipline.

The title Master Numerologist®, granted after six years of structured education totalling over 6,400 hours, represents the highest academic and professional distinction at Oxford Numerology University®. Comparable in scope and depth to a Master of Business Administration (MBA), it reflects advanced expertise, leadership in the field, and a commitment to lifelong learning, coaching, and mentoring in

Oxford Numerology University®

numerology. Equivalent in academic structure and intensity to a master's degree within the European Higher Education Area, the program encompasses more than 360 ECTS credits in total.

All levels include supervised practice, structured evaluations, and community integration through the Oxford Numerology Society.

International Legitimacy

Oxford Numerology University® operates on the foundation of a government-recognized occupational framework (COR 516102) and follows EQF-aligned principles of training, evaluation, and competence. Diplomas issued by Oxford Numerology University® reflect this alignment and are intended for use in private practice, coaching, educational services, and holistic development frameworks.

Oxford Numerology University® is currently pursuing international accreditation with independent holistic education bodies such as IPHM, CMA, and IICT.

Oxford Numerology Society

All graduates are invited to join the Oxford Numerology Society – a professional community of certified numerologists committed to ethical practice, lifelong learning, and international collaboration.
