2. Certificate of Legal Establishment in Romania (2004)

Oxford Numerology Society was originally founded in **2004 in Bucharest, Romania**, by **Prof. Dr. Diana Metiu**, under registration number **16397935**. This early registration enabled the development of research and training activities in numerology, which culminated in the drafting and eventual approval of the **European Occupational Standard COR 516102 – Numerologist**.

Although the Romanian branch of the Society functions independently, its long-standing research and academic activity directly contributed to the creation and foundation of Oxford Numerology University® in the United Kingdom. Both the Romanian and UK entities now operate in alignment with the same European standard, **COR 516102**, ensuring continuity and consistency in academic and professional training in the field of numerology.
