July 30, 2012

Mr. Grant Spates, President
Spates Construction, Inc.
P.O. Box 860
Derby, VT 05829

Dear Grant,

As President of Poulin Lumber Inc, I have had the privilege of working with Spates Construction for well over 15 years, both as a supplier on many projects they completed as well as having them construct a building project in my Hardwick facility. Throughout our relationship, it has been a pleasure to do business with Grant and his team.

Spates Construction exemplifies quality, dedication, and efficiency. The level of organization on job sites and in the office has been exceptional. It is a pleasure in today's world of deadlines, rush orders, and aggressive timelines to work with a firm that shows excellent planning, forethought, and execution in order to maintain a smooth efficient work flow from start to finish.

I also have been pleased to enjoy this same level of professionalism and timeliness on a project that Spates Construction completed in my Hardwick, VT location. The ease with which the project flowed and the prompt, clean, and organized fashion in which it was completed made the entire process smooth and efficient. I would suggest their services for any construction project. Their professionalism, work ethic, and organization is an asset to any client looking for a general contractor.

Sincerely,

A handwritten signature in black ink that reads "Cory Poulin".

Cory Poulin
President
Poulin Lumber Inc
