

# Enable Push Notification for Mission Sync

## iOS devices

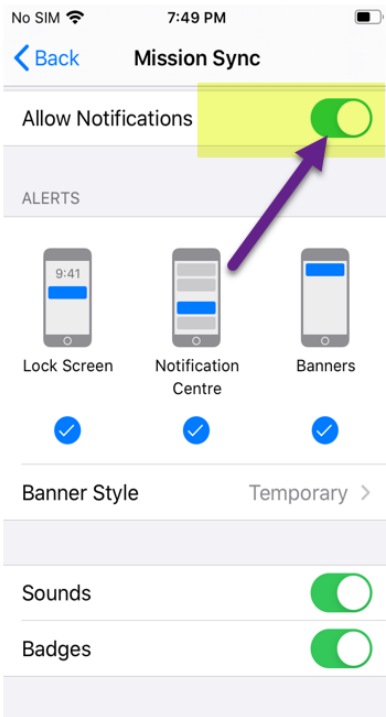

1) Go to Settings menu, then select Notifications

2) Locate and select Mission Sync

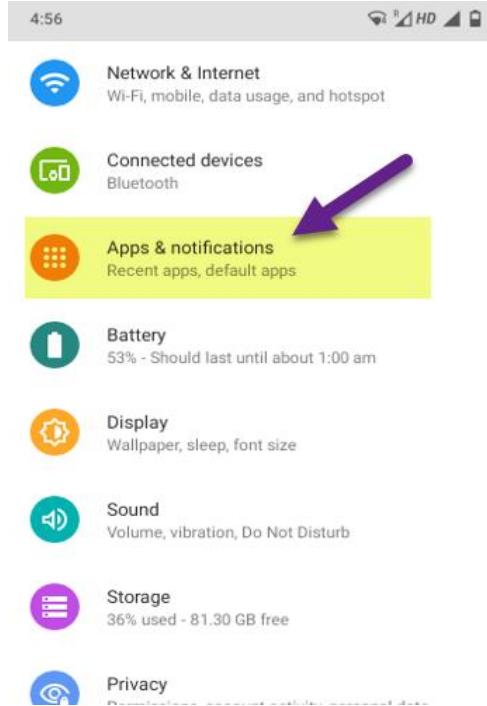

3) Click button for “Allow Notifications”

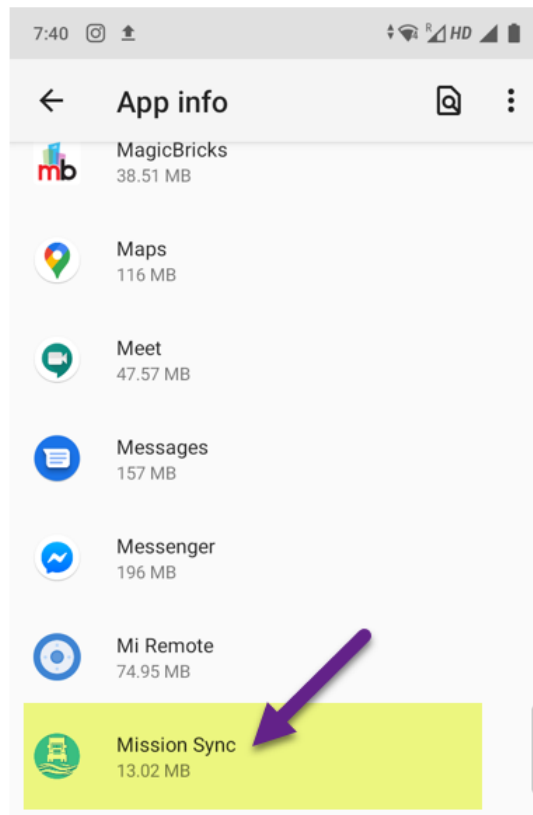

## Android devices

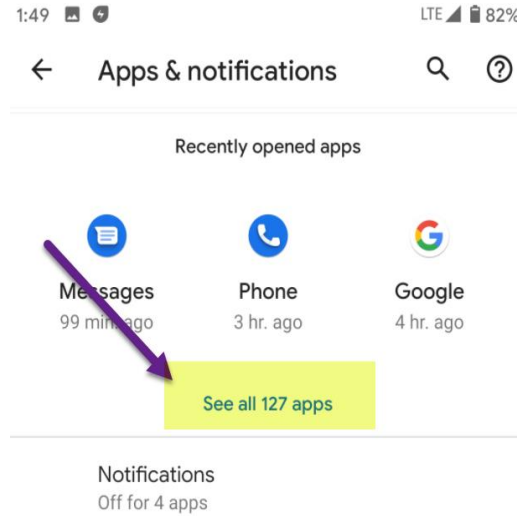

- 1) Go to Settings menu, then select “Apps” or “Apps & Notifications”

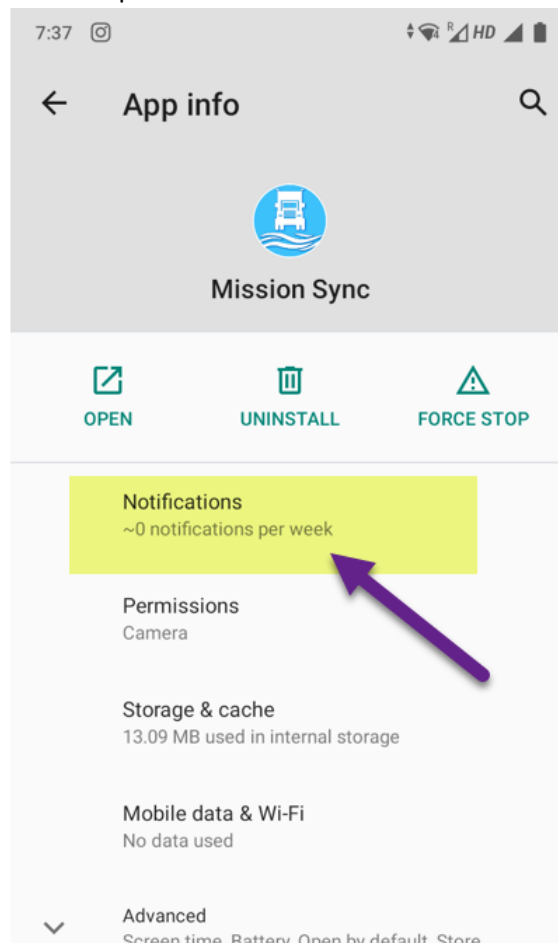

- 2) Locate and select Mission Sync

- If no apps are listed you may need to first click a “see all x apps” link

- 3) Locate “Notifications” menu and open

4) Click button for “Show Notifications”
