WHAT WE DO?

"A CREATIVE PRODUCTION COMPANY"

We create concepts

We execute

ORIGINALS,

Set Shabab

a comedy **sitcom** about young **men** from the Gulf Cooperation Council (GCC) countries who are **studying** abroad in Tampa, Florida, **USA**. They all live together in **one apartment**, sharing the space, and each character comes from a different background. Together, they try to overcome various crises and dramatic events they face.

Ghair Mobashar

a YouTube **comedy show** hosted by **Khaled Ali**, tackling social and global topics with a witty and entertaining approach. Each episode begins with a unique take on the subject, followed by a **discussion** with a famous **guest**, blending **humor** and insight in an engaging way.

Safat Show

In this five-episode series, "Safat Show" explores **interior design** for **Ramadan**. Hosted by two charismatic presenters, each episode blends traditional and modern elements to enhance the festive atmosphere. Viewers learn practical tips and see stunning transformations, celebrating Ramadan's essence in every detail.

ABtalks

We collaborated with **#ABtalks** in executing special episodes filmed in Kuwait.

The Chef

" **'The Chef'** is a cooking **reality television program** that was produced and broadcast during the holy month of **Ramadan**. The show aims to offer an **authentic and honest insight** into the **contestants' experiences** and their reactions to the **difficult cooking challenges** they face in each episode."

ADVERTISING,

KOZY

We executed a **guerrilla marketing** campaign for Kozy, a brand specializing in women's wardrobes. We transformed a moving truck into an office that traveled around Kuwait to capture attention and spark conversation about the brand, focusing on increasing brand awareness.

Atyab Al Marshoud

This **social experiment** simply explores that the most beautiful and powerful memories are those we smell. We placed a group of people in experiences relying on their senses and asked them what memories these evoked. In each experience, we deprived them of one sense until we reached the sense of smell.

Seen Jeem

We created a special **ad series** for the Seen Jeem app, built around the idea that regardless of age or social background, no one can **resist** the experience of **playing Seen Jeem**.

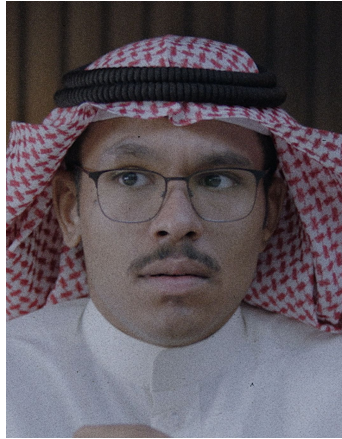

Hardee's

We created a special **Kuwaiti National Day** commercial for Hardee's featuring the "**Hamburger AlDeera**" campaign. This campaign was significant as it marked the return of the burger, which had been discontinued in the 90s.

Noble

We produced a **series of commercials** for Noble, a brand specializing in luxurious shemaghs. The concept highlights how life changes before and after wearing Noble.

Kitco

Kitco music video for Kuwait national day.

Teachme

A social media ads series for Teach Me learning app

Atyab Al Marshoud

Atyab Al Marshoud saudi campaign.

Safat Home

Ramadan campaign for Safat home.

Starbucks
