Information & Documents

Hi,

I've put together the pricing for you.

How exciting!! We are sailing on the new Celebrity Edge.

Celebrity Edge®, the first ship in our stunning Edge® Series, is now one of the first resorts at sea to receive a Recommended Rating from Forbes Travel Guide. Celebrity Edge marks a turning point in our approach to ship design. From the very first sketches to experiencing those designs in a virtual reality setting, every step was done in 3-D. From the incredible new Magic Carpet® to the private plunge pools in our new 2-story Edge Villas, we could design the most refined ship at sea. The unique outward facing design breaks from traditional ship design. Aboard, you'll feel more connected with the sea and the places you'll visit in a variety of spaces ranging from our Edge Staterooms with Infinite Verandas®, to our reimagined, terraced pool deck that offers even greater views of the destinations and shimmer of ocean.

Celebrity Edge is sailing with Starlink - the world's most advanced broadband satellite internet - to bring you high-speed connectivity for a better onboard experience.

Why choose our cruises over others?

Well, it's about numbers really. With over 1.35 million cruising each year in Australia how do we find the like minded people? Well we find them by narrowing down the number of cruises and putting everyone together 😊

Yes, we have cruised on all types from family cruises to full takeovers, and have been running hosted swinger cruises in Australia for 15 years, so we do know a thing or two.

We have always found going on cruises with a group of people is so much better than hopping on board with your partner and seeing if you meet anyone.

On vanilla cruises you can spend the time working a couple or single thinking "yes, we have found that elusive like-minded person/couple" only to find out that they are horrified and we have wasted our time.

You can put out feelers on various websites for lifestyle people who might be on the same cruise as you, but that rarely gets much response.

Our cruises give you the time, the people, the location, and the hosts. Because we are now coordinating a massive number of people interested in cruises, when we select a cruise as the one to go on, we get large groups. Large groups gives everyone a great chance to find someone they click with, and almost guarantees someone to party with even if you don't end up playing.

Then we lift the experience by being on board with you. We make sure everyone in the group gets constant chances to meet and talk to the rest of the group. We help you chat to each other before the cruise, extend the cruise with a dinner beforehand, and help with the whole process.

A vibrant cultural center in the land “Down Under,” Melbourne, Australia will entice you with its aromatic cafés, lush nature parks, immersive museums, and dedication to the arts.

Situated on the southern coast of the Australian continent, the warm sands and turquoise waters of Brighton Beach, which hugs Port Phillip Bay, invites you to relax and sunbathe. An array of colorful and vintage bathing boxes lines the shore and makes for a vivid photo op. North of Brighton Beach, St. Kilda Beach has amusements galore, including the iconic wooden coaster of Luna Park and an amazing view of the sunsets on St. Kilda Pier. Head to the pier’s breakwater to catch a glimpse of some St. Kilda penguins, who frequent its sturdy rocks at night.

The many diversions of the city center are guaranteed to entertain and delight! From the bustling Queen Victoria market, filled with delectable baked goods, fresh fruits and veggies, and unique souvenirs, to the stunning National Gallery of Victoria, whose thousands of distinct art pieces are illuminated by the glow of a stained-glass ceiling, Melbourne is a cultural and recreational haven. Stroll through quaint boutiques within the Block Arcade, learn about the city’s love of cricket at the National Sports Museum in the Melbourne Cricket Ground arena, or immerse yourself in the educational exhibits at the ever-popular Scienceworks Museum.

Melbourne’s natural beauty will astound and enchant you. Make a quick trip east of Melbourne to explore Yarra Valley, which offers dozens of wineries and rich Australian wines to sample. Steps from the city center, the Royal Botanic Garden encompasses an almost hundred-acre park filled with native flora and is a great spot to unwind after a long day of exploration. Follow the coastline west to find resplendent waterfalls and national parks, including the Great Otway National Park and Port Campbell National Park, where hiking, canoeing, and a whole host of outdoor activities await.

Melbourne is the perfect metropolitan hub for many Australian adventures!
