Description

The NRA Home Firearm Safety Course is the basic course I recommend to anyone unfamiliar with guns or who needs a to learn gun terminology.

In this four hour course students will get the NRA's *Home Firearm Safety* handbook, pamphlets on safety and terminology and lessons on the rules of safe gun handling, identifying and unloading various firearms, ammunition, cleaning, and storage. Students will also get hands-on experience with the most common types of handguns, rifles and shotguns.

Course Goal

“To teach the basic knowledge and skills and to explain the attitude necessary for the safe handling and storage of guns in the home.”
