OUR GOALS & OUR MAGIC

PURPOSE

L.I.F.T understands the tireless effort, dedication, and commitment one must contribute to birth a vision and/or a story. Oftentimes, we may feel alone as creatives and could use support as well as a networking base. This is where we come in, as our primary goal is to “LIFT” our creative peers by giving freely of any skills our members possess; whether it be writing, editing, videography, acting, makeup artistry, etc. In doing so, we’ve found that many independent creatives are overlooked or overshadowed and haven’t yet trailblazed to the ranks of the Oscars, Emmy, or Tony Awards. That’s where we come in. Everyone’s work is valuable and we’ve decided to celebrate and recognize local artists right where they are at our Indie Awards Ceremony.

No special requirements are needed for our acknowledgment other than having produced quality material with a great story. Our goal is to give Texas independent artists a platform and opportunity to be celebrated and rewarded for their dedication in the entertainment industry. We will broadcast live on our YouTube channel “LIFT TV” and from our Facebook page, which currently hosts close to 6,000 members over the globe and continues to grow daily. This ceremony is one of a plethora of contributions Ladies in Film and Television has to offer independent creatives.

WE WANT YOU TO BE A PART OF THIS MAGIC!

WHO ARE WE?!

Ladies in Film and Television (L.I.F.T) is a nonprofit organization that facilitates a huge networking and creative base for underrepresented and overlooked talent. One can find a safe place with us as we foster a loving and helpful environment among our members. We're like one huge family.

L.I.F.T was birthed from the re-branding of Headline Mentors & Performing Arts (established in 2009) which catered to underprivileged and troubled inner-city youth by introducing them to the performing arts. A decision was made in late 2019 to expand upon this entity to include adults along with the children in an effort to foster their talents and help them produce quality projects in the entertainment arena.
