

I started my Red Brangus cow herd with four cows and a bull in 1990. I always liked cattle and my sons were capable of taking over the farming when I was elected Presiding Commissioner in 1998. I served until 2007 and I was then able to spend more time with my cattle after that.

Ponderosa Sir Bossman was a bull that I kept for a herd bull. He was the Grand Champion at the San Antonio Cattle Show in 2010. This is a picture of me with my two brothers Herman & E.P.

I kept Ponderosa Pedro for one of my herd bulls. I liked him even if he kicked me the seat of my pants. My bulls and heifers won several show awards.
