

## Scott County Missouri

### *Scott County Is -*

#### **"Where North Meets South and East Meets West"**

Scott County's slogan summarizes many attributes of this unique county. The bustling industries of the northern part blend into the southern area, rightfully known as 'where Southern Hospitality begins in America'. With the mighty Mississippi flowing on its eastern edge, the county marks the beginning of the American west and its great pioneering spirit where a neighbor helps a neighbor. At its center, farmlands and families provide the bond that holds it all together.

Diverse groups, businesses, churches and schools come together as one within Scott County, making it the 'Crossroads of America' in all aspects of the phrase. We hope you will enjoy Scott County with us!
