

Sydney Szabo

As a recent graduate of Kennesaw State University with a Bachelor of Fine Arts (Concentration in Illustration), I am looking to join a creative team to grow my experience and contribute to the company's growth and success.

By independently working with Procreate, Clip Studio Paint, and Photoshop, while also working as a Freelance Illustrator to deliver on commissioned jobs, I am always keeping my skills fresh and current. I have a passion for storyboarding, background art, and sequential art, just to name a few.

My career goals are to be working as an Illustrator, Storyboard artist, or Digital Designer in some creative capacity leveraging the skills I have learned while at college. I am always expanding my knowledge and experience by keeping abreast of the evolving trends and technologies.
