Spirit Night Program

Spirit nights are great way to introduce our families to your restaurant or place of business. There are lots of ways to accomplish this, we believe that our program is a win/win for everyone involved.

Percentage Opportunity

15%

More traditional, this option works very similar to most Spirit night programs. Included is all of the advertising and marketing as described above in the flat fee plan. Your business picks a time frame, offers a percentage (minimum 15%) and we do all the marketing and advertising to get our over 1000 families to eat or visit your establishment. After the time frame expires, we ask in return a donation of 15% of the sales during that time. This is one of the least expensive marketing plans you will find in our area! *This option is without the use of flyers or verbal cues. It must be a percentage of all the sales during that time. This ensures we all win.
