

North Georgia Model Aviators presents Open house for current and past GMA members

North Georgia Model Aviators will be hosting an Open House for the benefit of all current and past GMA members. Our intentions are simple – we want you to experience firsthand the great comradery and fun being enjoyed within our community of over 90 members. Our club offers:

- 40+ Acres of cleared fly over space
- A 500' x 50' sodden runway which is currently being expanded to **1000' x 80'**!
- Covered roof with 16 flight stations
- Porta-Potty
- RC race track
- Graveled parking lot
- Learn about our plans to add electricity, a club house, expanded irrigation, and larger parking facility

Open House is Saturday, March 23rd 10am – 5pm. In the event of rain, this event will be moved to March 30th. Please visit our website for updates. Beverages will be served, and SOMETHING will be “burning” on the grill. Generators are available to charge batteries, so be sure to bring something to fly from your hanger. Looking forward to reconnecting with many of our old friends and soon to be new ones!

Field Address: 553 Geirrein Rd, Dawsonville, GA 30534
