

ThinkBig Networks is Coming to Drum Point!

Fiber-fast, Reliable Internet

- Whole Home Wifi equipment included
- 24/7 live technical support
- No hidden fees, contracts, or data caps!

Construction is Starting Soon

Here's What to Expect:

- Our team will install conduit and access vaults in the utility right-of-way easement on the side of the street. Access vaults will be placed in the right-of-way utility easement also.
- Utilities like water, electric and sewer lines will be located with colored flags and water soluble paint.
- Our crews will make every effort to leave your yard as we found it. We suggest watering your lawn thoroughly after construction is complete.
