# MADE TO LAST

---

The Sierra Collection is designed for outstanding durability, so you can have peace of mind every time you step outside.

The Sierra Collection with EverBold® stay-true technology enriches the paver color depth, extends color fastness over time, increases stain resistance, makes cleaning easier and has been laboratory proven to add UV protection that will keep your pavers looking like the day they were installed for many years.

# THE EverBold® DIFFERENCE

## RICH COLORS

Laboratory color results after pavers were exposed outdoors for over 3 years.

Without EverBold®    With EverBold®

## ACID RAIN

EverBold® improves resistance to acid rain which contributes to paver fading and general wear.

## STAIN RESISTANT

EverBold® protects against stains, like mustard, wine, ketchup and coffee as tested below.
