D.R.A.W. SCHOOL INSTRUCTOR TRAINING COURSES

The **D.R.A.W. School Instructor Training (DSIT) Advanced Handgun** course is a 5-day, 40-hour instructor development and certification course designed to provide law enforcement instructors with the advanced skills, training and knowledge required to teach the D.R.A.W. School training methods to officers.

The **D.R.A.W. School Instructor Training (DSIT) Advanced Rifle** course is a 3-day, 24-hour instructor development and certification course that provides instructors with increased ability help officers master the use of their patrol rifle or carbine. With many departments utilizing rifles, instructors must be able to train and qualify officers on long guns in a highly efficient manner without compromising instruction. **NOTE- Advanced Rifle instructor candidates must attend the Advanced Handgun course prior to taking Advanced Rifle. DSIT Handgun and Rifle can be taken back-to-back if offered at the same time.**

“With 25 years in law enforcement, D.R.A.W. School has to be the biggest positive change I’ve seen in firearms training! It increases ones speed and accuracy. I highly recommend this as a MUST for all law enforcement officers!”

- Ofc. W. Pickett, Santa Paula Police Dept.

D.R.A.W. School Instructor Program

DSIT is a hybrid instructional course that is designed to maximize training time, while ensuring that the proper skills are learned, retained and applied by instructor candidates. Each segment of the curriculum starts with an academic study of the subject where instructor candidates learn the science behind the methodology. Next, they are immersed in a series of specifically designed practical exercises that help them correctly perform each physical and mental function in the proper sequence. This portion is performed in the classroom utilizing dry-fire exercises. As each sequence is mastered, the speed is increased and fast dynamic movement is added. Once the practical exercises are mastered, instructor candidates then perform the same skills in a live-fire environment on the range. At the end of the course, instructor candidates will shoot a 50-round qualification course that includes many of the skills they learned and practiced during the course. Please see the attached Daily Course Schedule for a list of daily activities.

PLEASE NOTE- *DSIT is NOT meant to replace any state or federal requirements for becoming certified as a law enforcement firearms instructor. DSIT is for currently certified law enforcement and military instructors that have already passed their respective in-state law enforcement or agency instructor courses and are currently certified as such. Documentation of current instructor status is required with the submission of the registration application. Officers who are not currently instructors and wish to attend must submit LE credentials.*

“DSIT opened my eyes to how outdated the training I received and continue to teach really is! I recognized how impractical many of the ‘traditional’ training techniques in law enforcement really are.”

- Sr. DPO K. Chao, San Mateo Co. Probation Dept.

ELIGIBILITY REQUIREMENTS

Instructor candidates must be currently employed and/or sworn with a local, state or federal law enforcement or public safety agency. Former law enforcement officers or instructors that currently work at a college or train with a law enforcement agency as an instructor are also eligible to apply. The following is a list of individuals that are eligible to apply for DSIT:

1. Local, state and federally certified law enforcement officers
2. Local, state or federally certified law enforcement instructors
3. Former/retired LEOs currently instructing at a college or through an agency
4. Military firearms instructors conducting military/police firearms training
5. Other certified public safety instructors as approved on a case-by-case basis

“In my 11 years in law enforcement and 4 years in the Marine Corps, I have never been more impressed and constantly engaged in a firearms training course. The realism, practicality and top-notch instruction far exceeded my expectations!”

- Sgt. W. Ferrelli, Bluffton Police Department

REGISTRATION PROCESS

To attend DSIT, the application at the end of this packet must be filled out in its entirety and returned to D.R.A.W. The registration fee for Advanced Handgun and Advanced Rifle combined is **\$999.00**. ***Please note that Advanced Rifle cannot be taken separately if Advanced Handgun has not already been taken.*** For current D.R.A.W. School certified Advanced Handgun instructors who wish to return to attend Advanced Rifle, the registration fee is \$499.00. Payment type, including purchase order numbers if used, must

be submitted with the application. Payments made via credit/debit will be charged upon approval of the application and receipts will be sent via email. Seating is limited to fourteen (14) instructor candidates for this course. Acceptance and approval is based on a first-come, first-served basis.

A non-refundable processing fee of \$199.00 will apply in such cases. Refund requests made less than thirty days from the start of the course are non-refundable. If an application is received and the desired dates are full, the instructor candidate will be notified by phone or email.

DRESS CODE

Instructor candidates should wear comfortable clothing that is conducive for a professional training environment. It is highly recommended that soft tactical uniforms, tactical pants, polo shirts, department/agency-issued t-shirts or other tactical/practical uniforms be worn for DSIT. Clothing will become dirty throughout various parts of the course and during range training exercises, so we do not recommend wearing clothes that instructor candidates do not wish to get dirty. The range is outside, so please bring sunscreen and/or long-sleeve shirts and hat to wear during range activities. It is recommended that a lightweight water-repellent jacket be brought in case of rain during the range exercises. Comfortable, supportive footwear is highly recommended for all segments of the course. Instructor candidates should wear their armor to properly simulate their entire duty uniform ensemble during training. **Official department-issued uniforms are required on the final day of class for presentations, graduation ceremony and class picture.**

“I have been an instructor going on 20 years and this is the best firearms training course I have been to in the last ten years. Bringing the science of D.R.A.W. School to what and how we do things was a real eye opener!”

- Cpl. P. Bonanno, Southern California Sheriff's Dept.

"My bottom line is that I walked in as a skeptic, but I walked out a believer. If you have an opportunity to train in the D.R.A.W School method, do what you have to do to make that happen! Of all the schools and training I have undertaken in the last 25 years, these five days of D.R.A.W. School have been the best and most productive of the lot.
