Top 10 IT Challenges

Laswick Professional Services
— *fractional* —
IT Executive Leadership

IT *strategy*

You're frustrated by your organization's IT strategy and lack of progress

Cost of *full-time* Executive

You're paying too much for a full-time IT executive and not getting enough value

Operational *efficiency*

You're falling behind by not leveraging technology to improve efficiency

speed of IT Delivery

Your business is growing and your IT team can't keep up

IT Project *performance*

Too many at-risk or past-due IT project milestones

data-driven Decision Making

You're making blind decisions without data you can trust

modern Technology

Your business is growing and your out-of-date IT infrastructure is holding you back

Business *continuity*

You're one disaster away from shutting down your business

protecting Sensitive Data

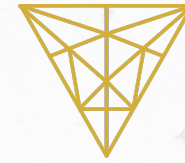

Your sensitive data is vulnerable to cyber threats

Leadership *coaching*

Your IT leadership team needs coaching

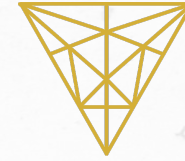

About Laswick Professional Services

Laswick Professional Services
— *fractional* —
IT Executive Leadership

LPS focuses on **strategic IT leadership** for small to mid-sized manufacturing companies that are undergoing significant operational changes or looking to leverage technology to improve efficiency and productivity. This could include companies in the process of implementing new systems, expanding their operations, or looking to gain competitive advantage through strategic use of technology.

A Business Partner You Can Trust

IT Executive Leadership

- “LPS is a **trusted advisor** to The Semex Alliance and recently helped us with our IT skills and capacity review. Scott’s dedication to understanding our company and his collaborative approach with our team led to insightful critiques and strategic recommendations that will **significantly enhance** our **performance** and **IT delivery**. We **highly recommend** LPS and look forward to continuing our **partnership**.”

Drew Sloan – VP, Corporate Development

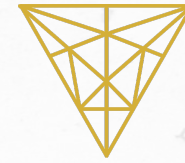

- “I had the pleasure of working with Scott as a Business IT executive, and his impact on our organization drove **significant improvements** in **efficiency** and **innovation**. Scott’s technical expertise and proactive approach to emerging technologies kept us ahead of the curve, ensuring our systems are both robust and adaptable. I **highly recommend** Scott to any organization seeking a **dynamic** and **forward-thinking** IT leader who can bridge the gap between technology and business with ease.”

Dane Garner – Vice President, IT

- “Scott’s expertise in application development and business intelligence has been instrumental in our success. His ability to harness advanced BI tools and **streamline** our application **processes** has led to **significant improvements** in **data insights** and overall efficiency. An **exceptional** IT leader!”

Mathieu Charbonneau – International Senior Manager

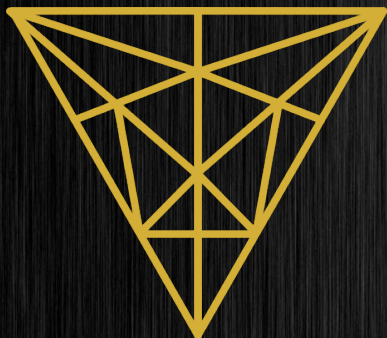

Award-Winning Success Stories

Laswick Professional Services
— *fractional* —
IT Executive Leadership

- Led a high performing, innovative IT organization with 35 direct reports that partnered with the business to deliver **\$18M** in **time-saving efficiencies** while achieving **99% uptime on all critical production servers and services**.
- Proven track record of revenue-generating digital transformation.
 - Received both **Company and Industry awards** for converting a company's manual, paper-based Shop Floor to an automated, paperless factory.
 - Received **multiple Company awards** for re-imagining an antiquated shipping process and implementing continuous flow.
 - Enabled **data driven decision making** with **single source of truth** by implementing a robust Data & Analytics strategy.
- Helped company achieve **100% on-time completion** of critical milestones by implementing and refining an enterprise IT PMO.
