

The Client – a photo story by Andrea Slip

Andrea goes to meet a new client and the office in which they meet gets a little hot.

Client 01

Off to see a client. Got some nice heels on.

Client 02

Best suit, will they notice the heels and lacy pink bra peeping out? Perhaps I should wear a camisole?

Client 03

Gosh it's hot in this office. Do you mind if I slip my trousers off? Perhaps I would have been more comfortable in this humid weather wearing a skirt or a dress like you?

Client 04

Still too warm for this jacket, perhaps I had better slip the jacket off as well.

Client 05

Oh you like the seams. Yes, actually I am wearing stockings not tights, look. Much better to wear stockings on a humid day than tights, don't you think? Oh thank you, the grey panties are pretty aren't they?

Client 06

Oh you are as well. Yes, Yes take your dress off as well, please do. Oh my, I love seeing your yellow panties through your thin yellow slip.

Client 07

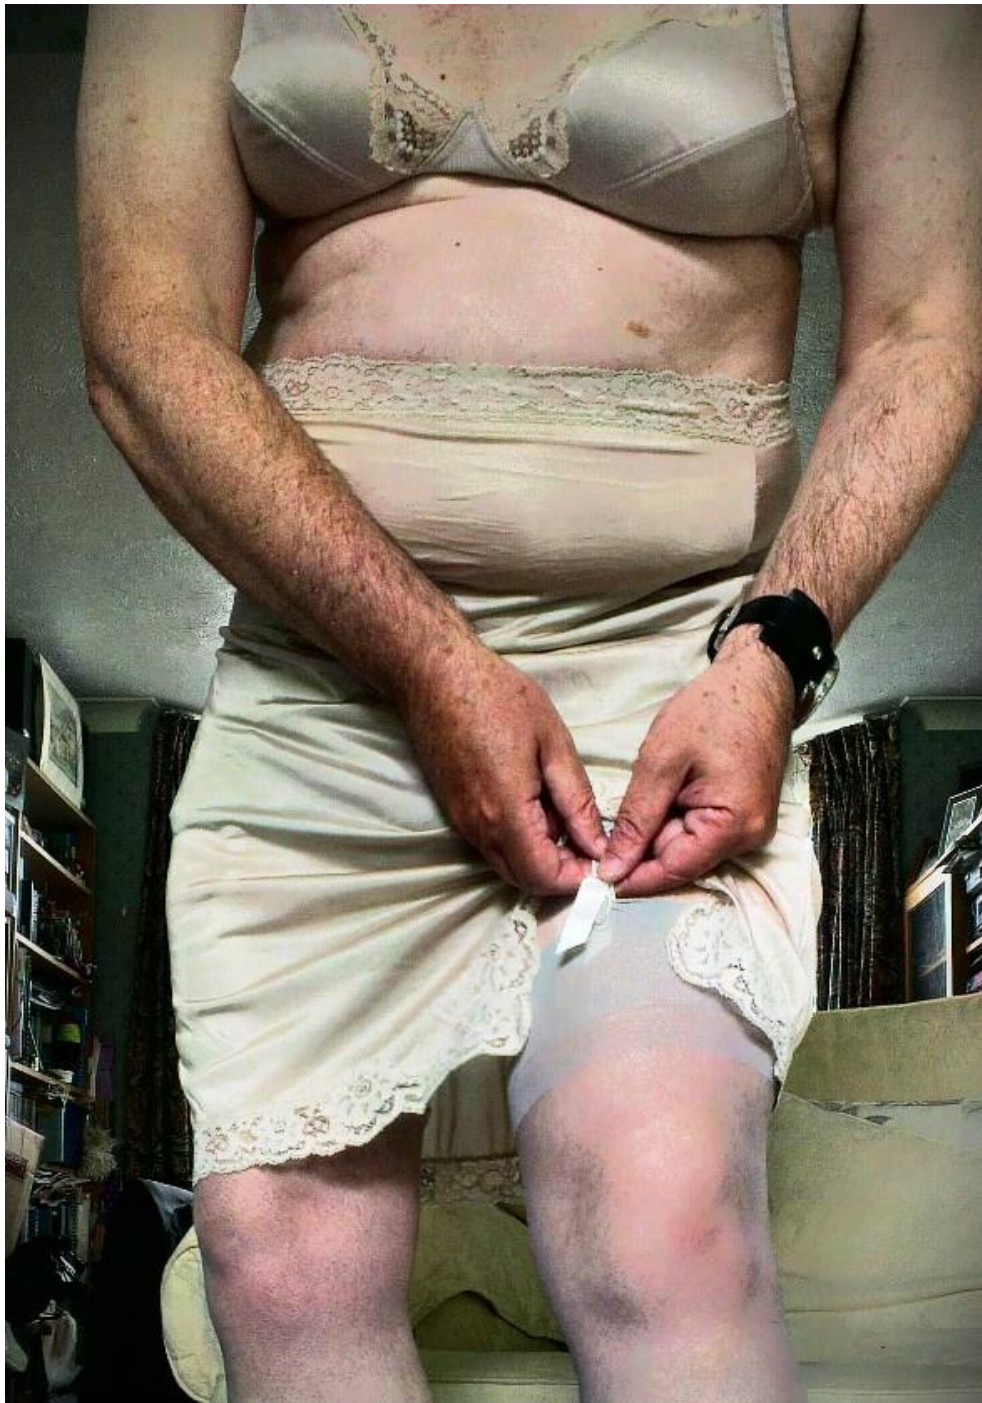

Shall I sit here?

Client 08

The panties are by Warner. Yes of course you can see them better.

Client 09

The only thing about stockings and suspenders is that they can need adjusting sometimes. Oh do you find that as well.

Client 10

You want to see my panties better? Ok, let me slid my slip down a little. Yes the lace is pretty on the split and on the waist. It is made by Vassarette. I bought it on eBay. Yes, I love wearing silky slips, I can see that you do as well.

Client 11

Oh let me get that pencil from the floor for you.

Client 12

Yes I would like to see your panties. Oh what is that bulge inside that pretty yellow lace? Oh my, that is a big one!

Client 13

Yes I do have a tent in my panty as well. Let me lift my slip and Ughhhh. Too late I am cuming already

Now shall we talk about your software? I think I can help you with that.

The End
