Andy is a banker, a big banker in the City but when he gets home he transforms into Andrea

Andy is a banker in the City of London, a big banker. At work he is the boss, giving orders to his underlings. But underneath he is a big softy or should that be a big sissy. What his people at work don't know, but may suspect, is that underneath his gruff exterior Andy is wearing the prettiest and silkiest underwear in the office. When he gets home, off comes his masculine clothes, shirt, tie, jacket, and trousers to reveal.....

A pink bra, lace edged French knickers, sheer brown stockings and pink suspenders. Let the transformation from Andy the big banker to Andrea the sissy begin.

Andrea adds makeup and hair, as if by magic, to enhance her feminine persona. Look at the difference.

Andrea is delighted with the look that complements her pretty pale pink lingerie and stockings.

Andrea steps into her favourite shoes, pink stiletto heels. They look so sexy with her sheer brown stockings and her pink lingerie.

You may be wondering if Andrea is going to put on a slip. Silly question. Of course, she is going to put on a slip. Andrea picks up a long pale pink, half-slip. She steps into the slip and gently pulls it up over her nylon stockings. She has been hard at work in the office but now that she is wearing her favourite piece of lingerie, she is getting even harder in her French knickers. The slip matches her panties, bra and suspenders really well.

Now she has her half-slip on she is in her happy place, but she is not finished yet.

She takes a moment to sit down and admire the view, just like you are. Perhaps you are dressed in pretty lingerie and stockings as well? I hope so.

Andrea looks down at the swirls of lace that make up the hem of the slip. This swirling pattern of lacy flowers and a darling little pink bow is so pretty and so feminine. Andrea's stocking tops peep out from under the lacy hem. You can also see her pink high heels. Looking down at her slip, stockings and high heels is one of Andrea's favourite views. It is making Andrea really hard now.

Andrea's slip and bra look so nice together. With a half slip you can see and appreciate both bits of lingerie, with a full slip the bra tends to be hidden from view.

There is more to cum. Andrea does not feel completely feminine without a dress or skirt and blouse. Today Andrea chooses a pink blouse and black skirt. They are both very lacy, chosen for a specific purpose. Andrea puts on the lacy pink blouse first and picks up the black skirt. It is quite a long skirt.

The skirt is longer than the slip but is quite sheer (Andrea removed the lining when the skirt was new) and shows off the pink slip hiding underneath.

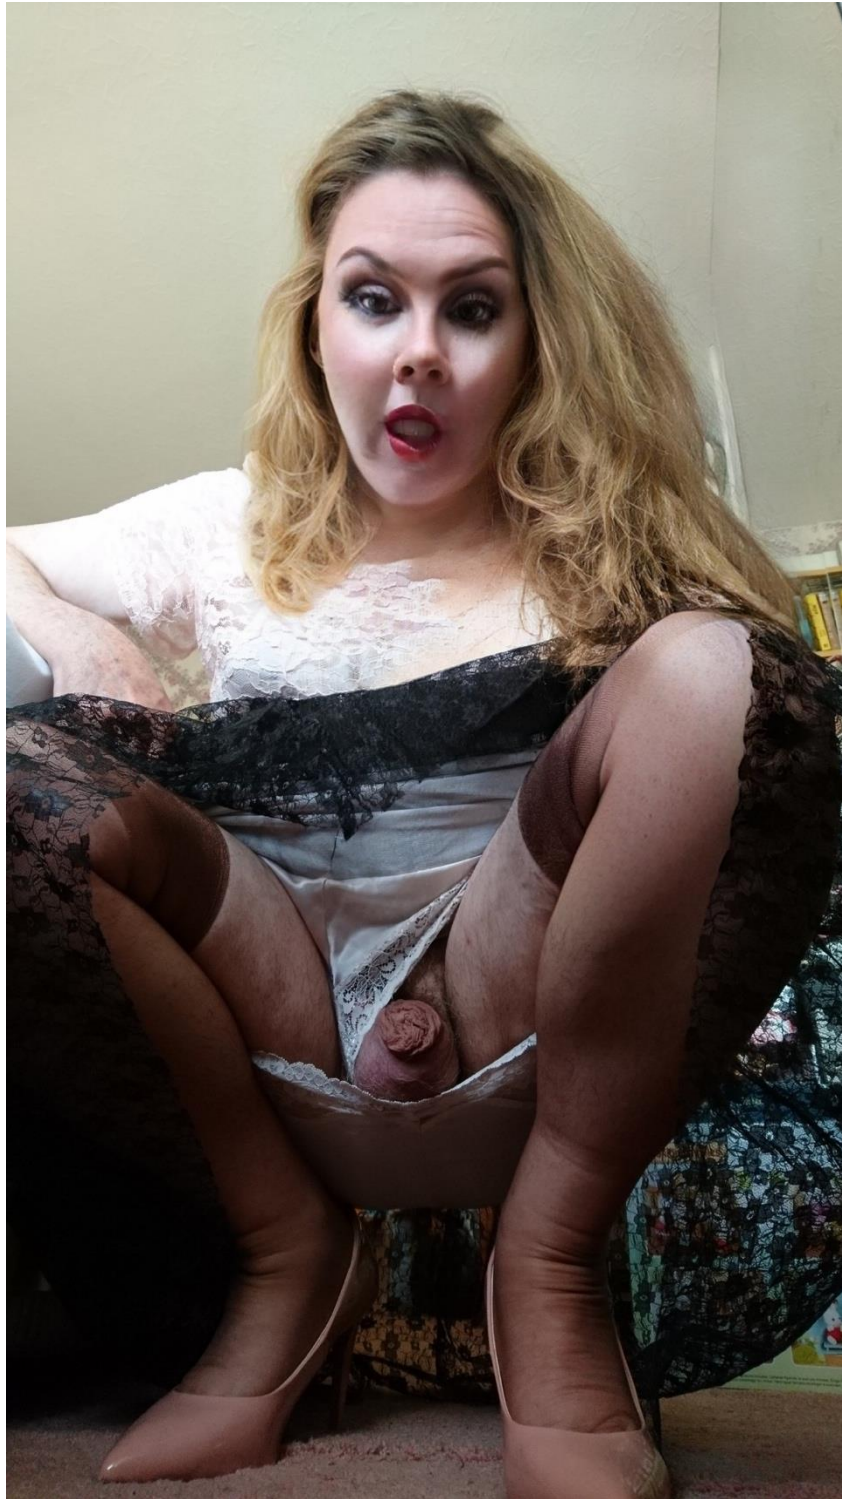

On no, those suspenders need adjusting. No peeping now as Andrea lifts her slip and skirt to reveal her pink French knickers, suspenders, and stocking tops. Go on admit it, you can't resist peeping at the reveal of retro lingerie and hosiery, can you? Oh, you naughty gurls, what are you like?

Andrea turns her back to the camera. Now we can see why Andrea chose this skirt and blouse. The blouse and skirt are quite sheer so we can clearly see Andrea's bra showing through the lacy pink blouse and even the lacy hem of Andrea's half slip can be seen through the black lacy skirt. It looks lovely. We can also see for the first time that Andrea is wearing seamed stockings, Oh la la, what a site for sore eyes and stiff clitties.

Andrea sits down again to check how much her slip shows through the lacy skirt. Perfect! Just as she hoped, the lacy hem of her slip shows really well. Andrea loves being fully dressed but also loves being able to show off her pretty lingerie and stockings to the world.

Andrea crouches down to give readers an upskirt view. Oops! Her clitty pops out of her loose legged French knickers, just a bit more excitement than she intended. Not that most readers will object as they are probably already got their own stiff clitty out of their panties.

Now Andrea stands up leans forward to give a fantastic upskirt view from behind that all readers love. The line of the seamed stockings leads the eye up from the tall pink heels to the keyhole at the top. Then the eye catches the lacy hem of the pale pink half slip nestling at the top of the stockings. For some readers they might have been hoping for a better view of Andrea's panties. Well hold on.

There we are, the direct upskirt view, as if you are lying on the floor with Andrea standing right over your face. Now you can see the full extent of the lace edged French knickers, with a clear view of Andrea's clitty, tenting the front of the knickers. Her clitty is getting stiffer by the minute. We also get a lovely view of her lacy edged slip and the tops of her shiny brown stockings. As the lacy skirt is so sheer light comes through the lace creating a delightful light picture. Perhaps you imagine that Andrea sits down rubbing her panties on your face and even for you to ease her panties to one side and start sucking her stiff clitty until she cums all over your face.

Now it is Andrea's turn. She removes the black lacy skirt and pink blouse. She drops her French knickers so that they make a nice frame with the seamed stockings and pink high heels.

Finally, Andrea poses for the camera with her knickers down, naughty gurl. She lifts her lacy slip to show her stiff clitty framed so nicely by her pink lacy suspender belt and stocking tops. She can not resist rubbing that stiff clitty (well, as stiff as it gets at Andrea's age) looking at this sexy image in the mirror. She can't resist rubbing her little clitty faster and faster until, well you know how it always ends, perhaps for you too. Andrea shudders and a small dribble of cum drips down on her panties and stockings.

Now we have seen the full transition from Andy, the big banker, to Andrea, the big wanker. I hope that you enjoyed this short tale and will cum again soon.

The End
