

Charnos Stockings by Andrea Slip

A photo story by Andrea Slip

Andrea gets back from holiday to find a new pair of Charnos stockings on the door mat.

When I got home from holiday there was a new packet of stockings from Stockings HQ on the door mat. What a nice item to find after being away for nearly two weeks and no dressing up. I can't wait until I can open them and try them on.

I put on a pink slip to try the stockings with. What a pretty picture on the cover of these bridal stockings. The description says perfect for your special day. I think every day is special when I can wear pretty, sheer nylon stockings.

Don't you just love opening a new packet of stockings.

Let's get them out of the packet. They do look lovely with the contrast of the wide lacy white hem and the sheer nylon stocking. These have to be worn with a suspender belt or girdle, they are not hold ups.

Even nicer than opening a packet of new stockings is sliding them up my legs. The nylon feels so soft and silky.

Now I need to attach my pink suspenders to the wide lacy band at the top of the stockings. You get a sneaky peek at my pink and white panties, hiding under my pink full slip.

The stockings are just the right length for this slip. It is hard to tell that I am actually wearing stockings.

One of my suspender straps is twisted, I need to straighten it out.

I think they are straight now.

There we are, now you can get another peep at my pink and white panties.

I think you liked looking up my slip at my panties and stocking tops so here is the rear view.

Do you want to see more of my panties, stockings and suspenders?

I think these panties, stockings and suspenders go well together, do you agree?

I love showing you that I am a man who loves wearing silky nylon lingerie and stockings.

I just can't resist slipping my hand in my panties for a feel. I have not been able to enjoy the feeling of wearing nylon for nearly two weeks whilst away on holiday.

The End
