

Andrea Slip Review of 2023

Introduction

In this review of 2023 Andrea has selected one photo per month from the thousands she has published on Flickr during the year. These 12 are the very best photos that you will enjoy seeing again. There are some bonus photos at the end and for the first time **you can vote** on what is your favourite photo.

January

We start Andrea's review of 2023 with a peak down at her cleavage, that is revealed in a very lacy white bra. As we look further down, we see that Andrea is wearing a matching snowy white half-slip with lashings of lace on the hem, which contrast beautifully with her sheer black stockings

February

Oh la la. For February we see Andrea's very lacy and very sheer black French knickers. You can see she is wearing seamed stockings as the blue seams show through the sheer panties. Pale blue heels match the seams of the stockings and a pale blue full slip.

March

Do you like wearing frilly panties? Andrea does. These white panties are festooned with rows of pretty lace. Andrea is wearing the frilly panties with a white suspender belt, white stockings and a very lacy white bra.

April

A fully made-up Andrea sits on her bed, so lady like, except for her peeping slip. Her lace edged white slip is peeping out from under her black skirt. Her white cardigan is tied but still reveals the top of her lacy white full slip. Andrea is wearing her favourite pink high heels.

May

Andrea is wearing pink French knickers with a lace edged hem, sheer brown stockings with seams and pink high heels. She bends over to put on her pink half-slip. The contrast between the dainty slip and her seamed stockings is delicious.

June

Oh Andrea, you are so naughty! We can see right up Andrea's lace trimmed full slip to some lace trimmed satin French knickers and the tops of her sheer brown nylon stockings.

July

Andrea is wearing some sheer blue stockings with her blue high heels, a blue half slip that is trimmed with creamy white lace and some pale blue French knickers. She seems to have lost her bra as we can see her big tits swing down.

August

Oh, what a shock! Andrea is really a man who likes wearing pretty lingerie, especially slips. In this photo from August has Andrea has just done her washing, she holds a lovely pink satin shaped bra. She is wearing a full-length beige slip, it is rather short as it reveals her stocking tops.

September

We are back to a very peeping lacy white slip, white lace top stockings (which are just visible under the peeping slip), a short black skirt and some tall leather boots with spike heels.

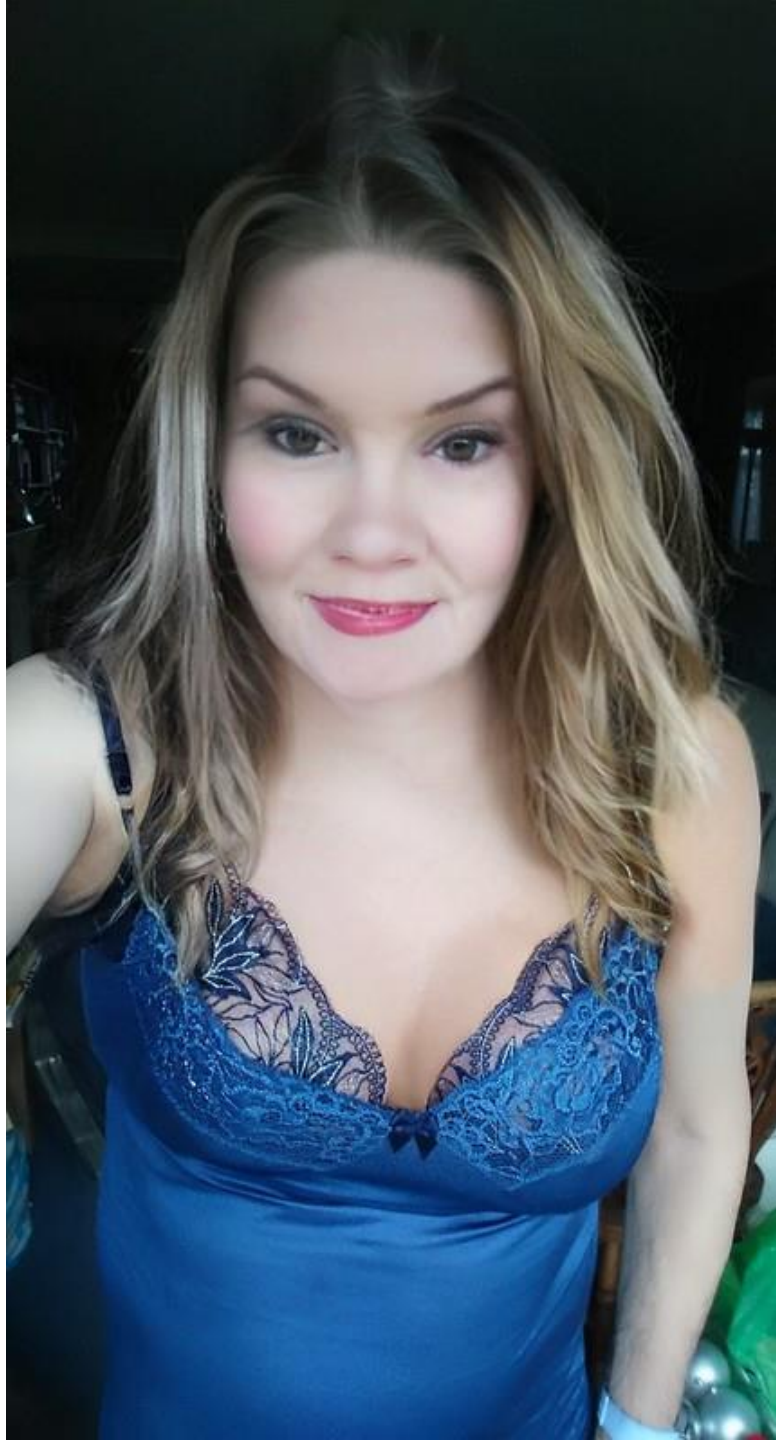

October

Andrea is relaxing on the sofa, smiling at the camera. She is wearing a tight white top that reveals her bosom, a brown corduroy skirt, sheer brown hosiery and brown leather boots. However, look closer and we can see a lace trimmed gold slip peeping out from the skirt and the faint hint of stocking tops.

November

Back to the real Andrea. Andrea shows us that she loves wearing matching panties, bra and slip. This delightful set is in dark green. She also wears stockings and suspenders. The lace top stockings have a green pattern to match the bra and panties. She is also wearing long black leather boots.

December

To finish the year, we see Andrea wearing a lacy blue bra and matching full, length blue slip. Andrea's large breasts fill the bra and lacy slip nicely, with some cleavage on show. Pretty as a picture, a nice end to 2023.
