# Welcome from the Head Mistress

Miss G. Silk (MA Cantab)

Welcome to our prospective students-

The aims and objectives of St Trannian's are to turn a gentleman into a lady in both appearance and manner. We offer full make overs and training in all aspects of "looking and feeling like a gurl" with regular assessment and progress checks at tutorials. I do know that our policy of no male clothes being worn by gentlemen and staff whilst on College premises- though strict- has an immediate impact on the training we offer- and also encapsulates the ethos we hold as a guiding principle in our curriculum.

As you will see, when you visit us, we are all dressed for the part in regulation silk, satin and nylon lingerie with the sheer stockings that we wear all the time as we introduce our gentlemen students to the art and fashion of becoming gurls...Are your seams straight ladies?

Briefly here are some "abiding principles" that MUST be observed at all times and in order not to transgress our Dress Code.

Outer day wear and uniform whilst at College lectures and subsequently:

All students will dress in approved black silk lingerie under a white or ivory silk blouse and black satin skirt. Stockings will be black or off black and suspenders will be worn either on a suspender belt or basque. High heels will also be worn EXCEPT for games and P.E. when students will wear black silk shorts and a thin blouse over bra, silk panties and depending on the activity- stockings.

Evening wear will be according to activity and dinner will be sat in gowns of approved style and fabric with strict lingerie guidance. For punishment "punishment panties" Vanity Fair glossy nylon full cut will be worn by gurls about to be punished and they will be punished in front of the college at Assembly.

# Curriculum

Our curriculum is, in essence, that of the "finishing school" of old except that we are turning gentlemen into ladies rather than girls into the latter.

The core curriculum is an intensive year of teaching and assessment based on the College's main precept which is to transform gentlemen who wish to look and feel like ladies into just this-a fully fashioned dressed and trained gurl. Many still confuse cross dressing with transvestism. There will be no problem with that after our training is complete!!!

I will now briefly outline our course and teaching for our first year curriculum.

## **Term 1: Becoming ladylike**

This is the introduction to everything that goes with looking like a lady from dressing to decorum and make up.

## **Term 2: Dressing Decorum and the Intricacies of looking feminine**

Make up dressing fashion deportment and keeping fit with teaching on how to be a convincing lady rather than a male with not a clue.

## **Term 3: going out in the world in our new mode**

Finals and preparation for going out dressed and being yourself-feeling comfortable when dressed and the beginnings of social integration and extra-curricular activities.

We expect students to graduate on the basis of both written and practical assessment-for example all students will have a make-up exam, dressing exam and deportment practical's.

Successful students will be awarded a DIP. TRANS. as recognition of their transformation and success on the course.

# Discipline

There will be frequent spot checks by the Head Mistress or her Deputy to see that gurls are wearing their slip and stockings. Any infringements of uniform regulations will be severely punished. Gurls who get over excited by wearing silky nylon lingerie will be punished. Gurls will keep a special pair of floral Vanity Fair punishment panties ready for such occasions.
