

Valerie

A photo story by Andrea Slip

Jack goes to live with his Aunt Moira when he is 16. He meets Moira's friend, Valerie, and further explores his growing love of lingerie in Part Two. This is a story told to Andrea Slip by a friend and is illustrated by Andrea. This semi-autobiographical tale is set in the 1960's Part One of this story is called Aunt Valerie.

The sixties were a strange time for acceptance of things, which sounds an odd statement however you'll remember my aunt had bank friends around for dinner etc, well two ladies in their late 20s Josephine and Valerie were quite regular visitors, and as I think I've mentioned when these girls came for tea getting blimps of their stocking tops was quite normal, they didn't seem to mind me seeing up their skirts, they wouldn't pull them up however if they moved and by chance I got a glimpse they seemed comfortable with it.

I actually got quite friendly with both these ladies although not in the same way as with my aunt, although Valerie became a sort of confidant of mine and eventually let me wear some of her lingerie and even bought some for me, and actually bought me my first pair of stilettos when she was on a shopping trip to London, which in the middle 60s was a big thing for an East Cheshire girl.

Going slightly off at a tangent for the moment, just to explain the situation with Valerie, her and Josephine were regular visitors at my aunts and now and then stayed overnight or even for the weekend and would join my aunt in the garden during the summer months and would go topless although I never saw either of them in the garden bottomless although I did see both girls in various stages of undress in the house, and yes as hard to believe as it sounds they didn't object to my aunt being naked in the garden or to me for that matter, although I didn't initially go out into the garden naked for a while, in fact it was in the kitchen that Valerie first saw me naked along with my aunt although she already knew my aunt sunbathed in the garden nude.

It was a Sunday morning when my aunt and I were in the kitchen, and all my aunt had on was a very sheer short negligee through which you could see everything and I was naked as Valerie was as far as we knew sound asleep in bed.

Anyway, we heard her stirring upstairs so I said that my aunt I'd better go and put some clothes on just in case Valerie walks in, and I was just leaving the kitchen when my aunt said no I needn't bother as to be honest it looked a lovely day and you and I will undoubtedly go out into the garden later so she might as well see everything now.

I was not sure it was a good decision, however I was also a bit excited about another woman seeing me naked and hard, so I sat down to eat my breakfast and minutes later in walks Valerie, to be honest she was fantastic as soon as she saw my aunt and I naked. She said excuse me and started to leave, my aunt called her back and explained we both liked to sunbathe nude and as you are staying for the day you were bound to see us, so now it is out of the way.

Valerie immediately accepted the situation and sat down at the breakfast table, and said she felt honoured that we trusted her that much and that she had no problem with either of us being naked, however she said she was not sure she would join us.

Incidentally, Valerie was wearing a sheer purple baby doll, G-string, and black stockings. So, I was now looking at another pair of very large breasts which yes you guessed it had me steaming, and my aunt noticed my state and said to Valerie, you'll have to excuse my nephew he's still at that stage where a naked woman excites him and he's very hard at the moment, and to mine and my aunts relief Valerie just burst out laughing and that was that the ice was broken.

Valerie finished her breakfast first and asked my aunt if she could go for a bath and then left the table which in itself was brilliant because I now got to look at her lovely bottom. My aunt winked at me, and then Valerie was gone, and I then got up from the table and started to clear the dishes. My aunt remarked on the state of my cock she said it looked bigger and harder than ever, has Valerie turned you on a bit, and I thought, what is the point of lying and said yes and my aunt just laughed, that's how good things were between us.

In the afternoon as my aunt had said she and Valerie where in the garden, my aunt of course naked and Valerie in just her pink knickers (she had not brought a bikini with her) and I was now being treated to another pair of naked breasts.

Valerie's breasts were only marginally smaller the auntie Moira's and were having a profound effect on my young cock, in that I spent a good hour looking out of the kitchen window at both my aunt and Valerie sunbathing and of course wanking.

The door in the kitchen which led to the steps to the lawn, was a two part door and the top half was open so as I was wanking I was able to hear all the my aunt and Valerie were saying, and one particular thread got my attention, because Valerie asked my aunt about me joining them and my aunt said I was probably watching both of them right now and wanking, and I got the perception that Valerie had been surprised by my aunts candour, when my aunt said it's only natural for a young man to get excited when he's looking at naked and partially naked ladies and he's undoubtedly wanking while watching us.

I then heard Valerie ask my auntie Moira directly if she minded me wanking and my aunt said no, not in the least, then I heard my aunt actually tell Valerie that I'd wanked in front of her, and Valerie asked how it had happened and my aunt explained about my first days with her and her nude sunbathing and how she'd sorted all the possible problems which would emanate from a teenage boy seeing a woman naked, by just saying to her nephew that if I got excited and wanted to wank I wasn't to be embarrassed.

Valerie said that my aunt had been very understanding and modern thinking to say what she said and to accept her nephew wanking over her, and the subject change to bank talk shortly after.

I did go into the garden a little later that day albeit in my shorts, and although I thought the reception from Valerie would be a bit cool, she was very friendly, and yes it goes without saying that my cock was hard all afternoon and both my aunt and Valerie could not have helped but notice it, however nothing was said about it.

The really bizarre thing about the whole day was that night, when I went to bed in my own room, I dressed up in an open bottom girdle and RHT stockings and knickers and with my aunt and Valerie still downstairs I wanked thinking about the day and shot quite a load over my stocking tops.

An hour or so after I retired my aunt and Valerie also retired, and I heard them say goodnight to each other and Valerie enter her room and seconds later my aunt popped her head around my door and asked me to come into her room, where we had some sexy fun and games, albeit very quietly while Valerie slept in her room, it was nicely naughty.

Did I fancy Valerie, yes I suppose is the answer, she was I think in her late 20s early 30s, very attractive with a lovely body although I'd only seen her breasts naked and the knickers she wore in the garden that first day, although not sheer in any way they certainly showed off a beautiful bottom, plus of course she wore stockings and suspenders, so she became another wanking muse, and she was to discover me wanking and wearing auntie Moira's lingerie only a few weeks after my aunts admission that she'd seen me wank.

I know both you and I are exhibitionists, although you are much braver than I for showing your face on Flickr, and I wanted to let Valerie see me naked and hard and yes, I suppose I also wanted to let her see me wanking in stockings, although I did not have a clue how my aunt would view it.

Anyway, fate took a hand, and one weekday afternoon after getting home from school I was feeling very horny indeed and needed a wank very badly, and also needed to be dressed in stockings very badly, I very rarely wanked naked now, anyway went for a bath, that is something I do even now, so that when I put on lingerie, I smell clean, I suppose you are the same.

Once I had my bath and got dried, I went up into my aunts room and chose black bra, black open bottom girdle, black fully seamed stockings, and black knickers. then I went downstairs into the front room and dressed and soon after I was wanking and essentially lost to everything else but the desire to cum over my stocking tops.

As previously stated I'm an exhibitionist and even now when I'm wanking in lingerie I don't close the curtains, I don't go up to the window either, however I do understand that if somebody chose to look into the window they would probably see me wanking in lingerie, the next door neighbour on our right side has seen me in lingerie although not wanking, and the next door neighbours daughter on the left side has seen me in lingerie and wanking, both from their gardens.

The house my aunt had, had a front garden and side garden and a very large rear garden, the front garden had a path which ran from the front gate down to both the side and back gardens and also up to and around the front of the house.

On the fateful day I'd been wanking for ages I'd already shot one load and was quite well into another wank when the doorbell sounded, I knew of nobody coming and I wasn't in a fit state to answer the door so I just carried on wanking thinking they'll go away, anyway the doorbell rang again, and I did think about going to put on some clothes over my lingerie when it stopped and I thought whoever it was has gone, and I carried on wanking, and then all of a sudden I knew I was being looked at and at the window was Valerie looking directly at me, strangely this is what I'd wanted to happen, without waiting for it to happen, and as I looked at her looking at me I simply carried on wanking.

We were watching each other for a few minutes, before I simply stood up pulled up my knickers which immediately became very damp with my pre cum and looked very naughty with my cock still rock hard, and I headed off to the door. Valerie was there just as I opened it and she simply stepped inside, and I thought I better apologise; however, she was great she said she was the one who ought to apologise for turning up unannounced.

I then said I'd go and get dressed, and Valerie said I didn't need to she wasn't in anyway offended by me being dressed in my aunts lingerie and seeing me wank, and then the bombshell Valerie said if I wanted to carry on wanking she had no objection and would like to watch.

I will tell you candidly in my life I have wanked in lingerie for more girls and women than I have had sex with whether naked or in lingerie, and I think only another crossdresser could understand that. It is the sheer joy of being in lingerie and wanking with a woman watching you whether or not she is naked or in lingerie herself.

I thought, well she has already seen me in lingerie wanking and I badly wanted her to watch me. So, I agreed and seconds later she was in an armchair in the living room facing me, whilst I started wanking again in my lingerie.

I must admit I felt great and also very naughty, so I asked Valerie what she was wearing as far as lingerie went and she started telling me and then she said I will show you, and she took off her outer clothes to reveal she had on a white half-slip, a bra, suspender belt, pink French knickers and RHT stockings plus white stilettos which along with dark coloured nylons have always turned me on. She sat down in an armchair, dressed in just her lingerie.

I happily carried on wanking in front of this lovely lingeried woman until I said to her, I am going to cum, and very cheekily asked if I could cum on her stocking tops, she just smiled and said by all means so cock in hand I walked the short distance to her and let fly and to my joy it was a very good cum with numerous strands of white cum landing on her dark nylons.

Cumming was the easy bit, now there was silence, until Valerie said that I was not to worry as what had just happened would be between us, and then she said unfortunately she had not got a spare pair of stockings to change into. Quick as a flash I said not to worry I will get you a pair of auntie Moira's. She has got loads of sheer stockings, so she will not miss a pair, and with that feeling very bold I said come with me, and with me leading the way, we went upstairs into my aunt's room and as Valerie sat down at my aunt's dressing table, I went and got another pair of RHT stockings in almost the same shade of brown.

I passed them to Valerie and watched as she took off the cum stained pair and dropped them on the carpeted floor and then watched as she put on the new pair, my cock twitching, and Valerie noticing this said I was a naughty boy, and as she started to fasten them up, I was feeling ever bolder. I asked if I could have the cum stained stockings, and Valerie said why not and picked them up and passed them to me.

The time had flown, it was almost time for my aunt to arrive home from work, so with Valerie looking at me I dropped my knickers to the floor and stepped out of them and then unfastened my stockings and took them off. I then finally pulled down the girdle and there I am standing naked in front of Valerie with a raging hard on and she just giggles and says my God! do you ever go soft, and quick as a flash I said not when there is an attractive woman in the room.

Then I picked up my aunts lingerie and stockings and along with Valerie's stockings took them into my room and put them in my wardrobe, and Valerie who had followed said did I mind if she asked me a question, and I said no. Valerie assured me it would be our secret.

She wanted to know if my aunt knew about me wearing her lingerie and about me wanking and cumming in it, and I said yes she did, which did seem to surprise Valerie, and I told her how she'd caught me wearing her lingerie and wanking and hadn't gone ballistic, and had said it was probably a phase and had let me keep the things I had on, this of course wasn't the entire truth however it seemed to satisfy her.

As stated previously Valerie and I never had any sexual play, where we touched each other, however after that afternoon she saw me many times in lingerie and wanking and gave me stockings to wear and wank into and didn't mind me seeing her in various states of dress, so she sort of became my crossdressing buddy.

I'm coming to the end of my auntie Moira stories with this chapter and to relate it I've jumped ahead in time to when I was 17 and finally fucked my aunt and shot my load into her gorgeous pussy, obviously a lot went on up to that point and beyond that point, however the stories would be a bit samey and I thought the important milestones were the best ones to tell you about.

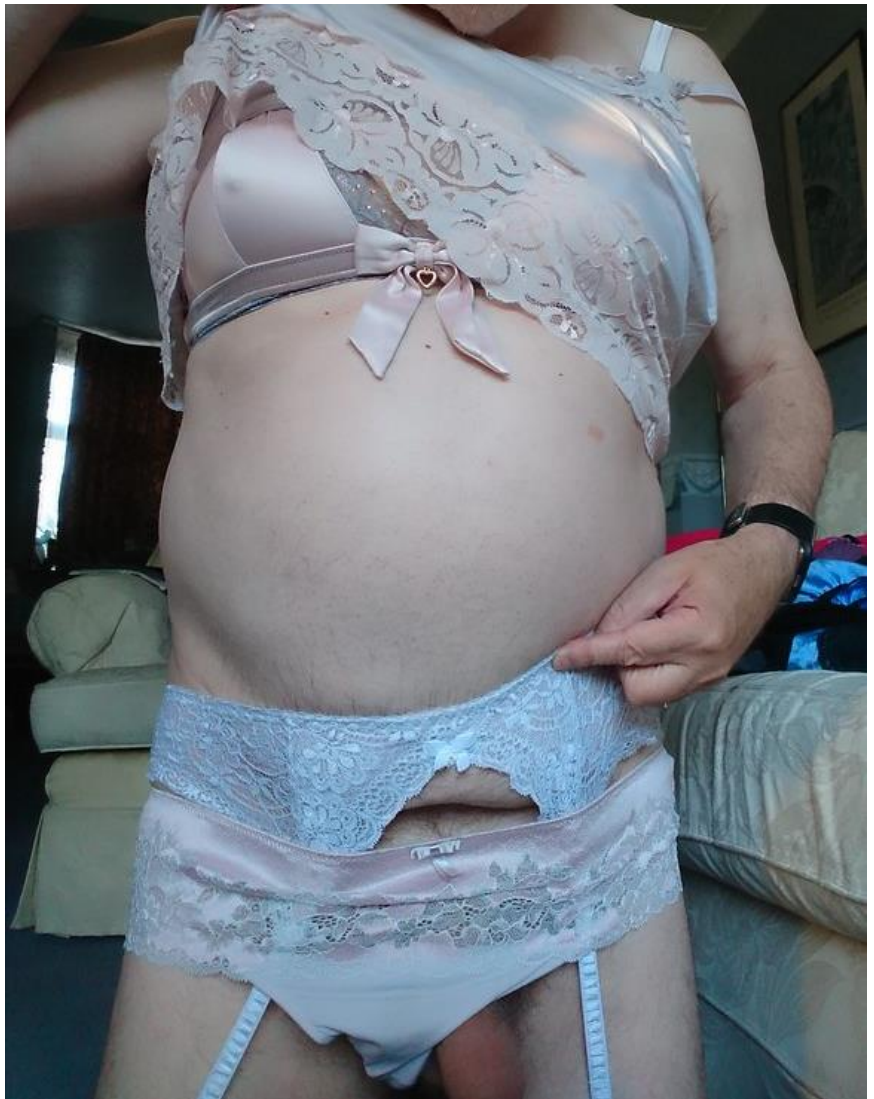

By the time I reached 17 my aunt and I were basically when not at work or school dressed in lingerie and wanking or sucking and making each other cum nearly every day of the week and several times at the weekend, we played both in the house and in the garden and were very rarely naked except in the bath.

By this stage Valerie was quite used to seeing me in lingerie and wanking and cumming and was actually lending me her lingerie to play and cum in, although as stated before, we never got to grips so to speak, plus my aunt had found some lingerie in my room which she knew wasn't hers and asked me about it, and when I told her she was amazingly accepting of it, and never asked me whether or not I'd had fun and games with Valerie and as far as I know she never asked Valerie.

As previously mentioned my aunt was a very lovely woman, very caring and obviously very open, in these very PC days she would undoubtedly face some sort of official action for getting up to sexy fun and games with a teenage boy, however it was me who pushed everything along and although I suppose she should have put a stop to it, I'm very glad she didn't because everything we did was totally marvellous and of course very, very pleasurable and I personally could not get enough of it or her, she was like a drug for me and if for some reason we weren't having fun and games in lingerie I'd be miserable.

My aunt also accepted and told me that I would find a girl my own age to have fun and games with although she said it might be difficult to initially find a girl who was into a boy wearing lingerie although if the girl loved me it should not matter, and she made reference to Valerie and said Valerie was a very attractive girl who was much younger than her and she could fully understand why I was attracted to her. She was not upset by the fact that Valerie had seen me in her lingerie, however it probably meant that Valerie had worked out that we were probably having sexy fun and games, even. Then she said it was probably inevitable she would suss it as she visited quite regularly, and then she stunned me by saying that I wasn't to worry if we were having a lingerie wanking/sucking session and Valerie saw us, as she probably thinks that's what we're doing anyway.

As you can imagine this was a major revelation, my aunt was saying that if both of us were dressed in O/B girdles and stockings, wanking/sucking or having a 69 she had no objection to Valerie being present, naturally this had my cock rock hard in seconds, in fact once she'd mentioned it, it was all I could think about being in lingerie having my cock sucked by my gorgeous aunt also in lingerie as Valerie watched us also in lingerie, until it actually happened I was having lingerie wanking sessions just thinking about it.

For what seemed like an eternity nothing happened with respect to Valerie, although she did see me wanking in lingerie and I did see her in her lingerie numerous times, which was still superb, and then all of a sudden everything just fell into place.

It was after work one night and my aunt and I had, had a bath and where now dressed in lingerie, my aunt on my request now generally wore one of her half cup bras along with either an O/B girdle or multi strap suspender belt and either F/F or RHT stockings, I loved seeing her large breasts naked however in the half cup bra they looked twice as big and I could tit fuck her while she was wearing it, and that night I was wearing an O/B girdle, RHT stockings and totally sheer bikini style knickers, as I loved having my cock sucked through her knickers, the sensation of having my cock head tight up against the silky material in her warm wet mouth was unbelievable.

We'd been playing for at or about 30 minutes when the doorbell sounds and my auntie Moira cool as a cucumber says it'll be Valerie; she's come around for supper. With that she disengages from me and in her lingerie and high heels she goes to open the door, and not many seconds later both her and Valerie where back in the living room, and my aunt just said to Valerie supper will be ready at nine, however just now I have got a hard cock to suck and she re-commenced sucking my cock with Valerie just standing looking at us.

My aunt sucked my cock for about a minute and then took me out of her mouth and said it is o.k. Valerie I know you have seen my nephew in my lingerie before and you've seen him cum and you've lent him lingerie to play with and I'm not annoyed, so why don't you strip down to your lingerie as I'm sure my nephew wants to see what you've got on.

With that encouragement Valerie took off her tight roll neck jumper to reveal a very pretty see-through bra. She unzipped her skirt to reveal she was wearing a black see-through half-slip, lacy black knickers, multi strap suspender belt and RHT stockings, she looked very, very sexy. My aunt said she should also take off the bra and knickers, and Valerie hesitated for a few seconds and then reached behind and unclipped her bra and very quickly dropped her knickers and stepped out of them. She looked totally beyond belief.

Once Valerie was just in her bra, suspender belt, RHT stockings and stilettos, my aunt just got back to sucking my cock and I watched as Valerie sat down on the couch and opened her legs and started playing with her pussy, which appeared to quickly juice up and she then started to seriously pump her fingers in and out of her love hole as she watched my aunt expertly suck my young hard cock.

My aunt was feeling in a devilish mood that night and as she sensed I was about to blow; she quickly took her mouth of my near spurting cock and she started

pumping my cock with her hand and then I went off like a roman candle with cum flying everywhere it obviously impressed Valerie because she let out a small scream and started cumming herself shortly after me.

For a 17-year-old boy the whole situation was quite magical I mean I was wearing my aunts lingerie, my aunt was wearing lingerie and Valerie was as well, it was a visual overload, and as usual and especially that evening with two lovely lingeried ladies I didn't go soft and needed to cum again very badly.

I was pretty certain that me touching Valerie or her touching me wouldn't exactly please my aunt, although just to have her in the room in lingerie with her breasts and pussy freely on show was amazing, so I turned to my aunt who by now was sitting next to Valerie and said I need to cum again auntie Moira, and she said you're feeling very horny tonight, where would you like to cum, and quick as a flash I said I want to put my hard cock between your breasts and fuck your tits, both my auntie Moira & Valerie just burst out laughing, however my aunt moved forward on the couch and opened her legs and I stepped in between them and my aunt positioned my hard cock just above her bra and at the start of her massive cleavage. I pushed in, it was heaven, my hard cock in between her warm full firm breasts squeezed together in that lovely half cup bra.

So only inches from Valerie I am almost fucking my aunts breasts and as my cock is steadily pumping in and out of my aunts cleavage, I am playing with her nipples which were like football boot studs. Valerie has re-commenced playing with her pussy and now I am so close I can see in detail what she is doing. It is making me even more horny, and even auntie Moira susses it. She says to Valerie she will have to join us more often as she's making her nephews cock like a bar of iron.

As much as I wanted to just fuck her breasts for hours, I was never going to be able to hold out and with one last thrust my cum just oozed up between her cleavage it looked really naughty, and when I had finished cumming I withdrew my cock which was coated in my cum and auntie Moira on the basis of waste not want not, licked my cock clean while Valerie looked directly at her licking and swallowing my creamy cum.

The whole evening had been brilliantly naughty, however with that cum that ended the evenings fun and games, what was funny though is we then had supper and my aunt temporarily vanished upstairs, I thought to change or take off her cum splattered bra, that was not the case as she came back into the room with 3 nighties, one for each of us. Mine was an actual waist length one in sheer black, more a baby doll, however when I put it on it looked great both my aunt and Valerie said. They put their nighties on, and they looked even sexier than without them, and we all 3 sat down for supper.

After supper we talked for a bit and then my aunt suggested we all get cleaned up before bed and all 3 of us just undressed and left all our lingerie on the couch and went along the corridor into the bathroom and cleaned each other up, and yes I got to touch Valerie's naked body and she likewise got to touch mine, however it was purely for washing purposes, and not long after we were all in our respective beds, even though I wanted to go into my aunts bed and I think even Valerie expected that.

So, at 17 my life had taken yet another turn and now not only was I dressing up with my aunt and having sexy fun and games with her, I was also now dressing up in front of another woman and frankly I couldn't believe how lucky I was, when all I really wanted to do was wear lingerie and wank and cum.

Over the next few weeks after that famous "3 person" session, Valerie visited more often than before, sometimes she was invited and sometimes she turned up uninvited, although she was always welcome.

As previously mentioned my aunt wasn't jealous about anything that I knew of, and after that famous lingerie wanking session we chatted about my feelings about it and hers and what I thought about Valerie, and the end result was that my aunt told me that she wouldn't be upset if Valerie turned up when I was on my own and I wanted to wank for her as she knew one that I loved playing with my cock, 2 I loved cumming and 3 I loved being in lingerie.

I didn't need telling twice and just to be on the safe side I even did my homework sitting at the dining room table in stockings and suspenders, so I'd always be dressed in lingerie if Valerie turned up unannounced, and it paid dividends quite soon after that lingerie wanking session, in that Valerie called at the house and all I had on was a multi strap suspender belt, fully fashioned stockings and sheer green knickers, into which I'd already cum, so the front of the knickers were covered in my cum and looked very erotic with big stiff cock showing through the flimsy green nylon.

When I went to the door I just stuck my head around it, and before I could actually say anything Valerie said I see you're having fun mind if I come in, and only seconds later she was in the hallway looking me up and down and the first thing she said was I see you've already cum in your aunts knickers you naughty boy, and then she said would you like to cum in mine.

She knew the answer because we went straight into the living room and in only a matter of minutes she was just standing before me in a bra, open bottom girdle, RHT stockings and stilettos and she was handing me her knickers, at this point I took off my aunts cum stained knickers and put her knickers on, so that my hard cock was tenting the front which made her laugh and then I started wanking while wearing her knickers.

While I sat there and wanked into her white knickers, Valerie was pumping her fingers in and out of her pussy, it was brilliant looking back to that time I count myself as incredibly lucky to have experienced all I did with my aunt and Valerie.

Anyway back to that afternoon, even though I'd cum once already I was quite quickly on the brink again, not hard to understand when you think I'm wanking into a very lovely pair of knickers and looking at a very attractive woman who's playing with herself, and wham, I started to cum the first sign that Valerie saw was a spreading wet patch on her knickers and then some cum started oozing through and she just speeded up her wanking until she went rigid and started cumming, I just reacted naturally in my opinion as I very quickly got between her legs and caught a few blasts of her cum in my face which made her giggle madly and once she'd stopped cumming I lay my head on her stockinged thigh as just looked at her very juiced up pussy, and she didn't stop me.

After a minute or so, she asked me to show her how much cum I'd shot into her knickers and I stood up and pulled them forward to reveal quite a bit of cum which hadn't yet soaked into the material, Valerie said you've cum a lot for me, which pleased me no end, unfortunately time was running away and Valerie said can I go for a bath, and feeling extremely comfortable with her I said yes however

would she leave me her lingerie and stockings because I wanted to wear her girdle and stockings and cum in her bra, she just laughed and said o.k., seconds later she left the living room naked and I still fairly hard started taking off my aunt's suspender belt and stockings.

Then I proceeded to get dressed into Valerie's open bottom girdle and her RHT stockings and with her bra wrapped around my cock away I went, I'd been wanking for about 5 minutes when Valerie calls me from the bathroom to ask me what I'm up to and now totally unashamed I simply walked along the hall and into the bathroom where I plonked myself down on the bathroom stool and continued to wank for Valerie whilst watching her wash herself.

I was still wanking with her bra wrapped around my cock when my aunt lets herself in the front door and only seconds later is in the bathroom watching her nephew wank in her friends lingerie with her friend naked in the bath, and she just says I can see you're having fun, then she says is the water hot I could do with a bath and while I'm dressed in Valerie's lingerie wanking into Valerie's bra my aunt undresses in front of me and climbs naked into the bath with Valerie, and asks Valerie if she's washed herself yet, and Valerie says no she's just been soaking and then my aunt oh good then we can wash each other and with that Valerie stands up and starts to wash my aunt, well that was it I just lost it and a jet of cum shot up between the bra cups and my aunt said I see we've got your attention, and several more jets of cum escaped the bra and shot into the air, and Valerie said your nephew seems to be able to just cum and cum no wonder you're having fun with him, and my aunt asks Valerie whether or not she thinks it's wrong that she and her nephew are having sexy fun, and Valerie says no, you both appear to be having fun and nobody's getting hurt, and then Valerie said for a young boy he's got a lovely big cock, which gets hard very quickly and stays hard and he cums a lot, what's not to like, and both women started laughing.

Then they told me to take off my lingerie and join them in the bath and all three of us washed each other it was totally brilliant, and the other marvellous thing was my aunt said I could play with the clothes she had taken off and she'd find Valerie some more lingerie, so if Valerie agreed I could keep hers to, and that's just what Valerie did.

So now I was starting to get together a collection of open bottom girdles, multi strap suspender belts, fully fashioned & RHT stockings and knickers plus full slips and waist slips it was fantastic, and with Valerie now appearing to be into my lingerie wearing it was far easier now to just walk around the house in lingerie and basically wank and cum where and when I wanted.

It was during a subsequent lingerie wanking session that the subject of me fucking my aunt first came up albeit with Valerie, when she just came out and asked me whether I had fucked my aunt and when I said no, she then asked did I want to, and I think my answer intrigued her, because I said if my aunt wanted me to put my hard cock inside her then I would and then Valerie said most boys/men if your position would already be fucking her, and I said which I think surprised and pleased her that I was very happy with all we'd done and over the moon that I was able to wear stockings and suspenders, however it would be for my aunt to decide whether or not she wanted me to fuck her.

Well, that conversation presaged the actual event which happened only some weeks later when my aunt and Valerie went to a do for a bank employee who was retiring after quite a long service with the bank.

The do was taking place at a local hotel and my aunt was going to use the room of another bank employee who was staying overnight to get bathed and changed, the marvellous thing about the do was my aunt asked me to choose her lingerie for the occasion and naturally I was only too glad to help as it meant being with my aunt when she was naked until dressed and also being in lingerie myself and having the ability to just cum if I wanted.

Anyway, the day came around and I had to pick 2 sets of underwear out, the one for work and the one for the do, so it was an extra special day and I dressed for the occasion in a multi strap suspender belt which my aunt knew was Valerie's, a pair of my aunt's fully fashioned stockings and a pair of Valerie's knickers, and while my aunt had a bath, I started to sort out her lingerie.

I must admit I was not going overboard on the stuff for work although as previously mentioned all my aunt's lingerie was cock hardening stuff, anyway I chose a bra, knicker and suspender belt set in navy for the daytime and RHT stockings in medium brown along with a navy waist slip.

For the evening do I chose a full-length slip, bra and knicker set in maroon and a matching suspender belt, along with dark brown fully fashioned stockings. The slip, bra and knickers were very silky with lots of lace which made my cock extra hard when I held them up to look at them, in fact my aunt walked in on me and said do they meet with your approval, and I said my cock says yes and my aunt burst out laughing.

As usual by then I dressed my aunt in her blue lingerie and shot my first load of the day, just after putting her bra on, as by now I would always have a good feel of her breasts while kissing her neck, once she was dressed and with her clothes for the party in a bag she left for work,

I was on her bed thinking about feeling her tits, having my second wank of the morning which had to be fairly quick as school was beckoning, in those days I could wank myself to spurting in minutes or go up to half an hour before I shot a creamy load.

After returning home from school, I had the entire night to myself, so the first thing I did was to have a long soak in the bath and for good measure I had a wank and shot a load of creamy cum in the bath water, once out of the bath and dry I then went to my wardrobe where by now I had loads of lingerie.

I had 4 open bottom girdles one of which was Valerie's, 3 multi strap suspender belts again one of which was Valerie's, half a dozen pairs of knickers roughly 50/50 my aunts and Valerie's and loads of stockings mostly my aunts. However, I did have 2 pairs of Valerie's RHT stockings, so I got dressed for a lovely wank. In the course of the evening, I wore 3 different lingerie outfits and shot my load over my stocking tops, into a pair of Valerie's knickers and over one of my aunt's O/B girdles.

By about 2300 hrs I was going to bed and in those days, I usually wore lingerie to bed, usually just camisole and knickers, that particular night I put on one of my aunt's suspender belts a pair of Valerie's cream-coloured French knickers, a silky bra and a pair of my aunt's brown fully fashioned stockings.

I would sometimes wank in the lingerie when in bed or hope that my aunt fancied calling me into her room when we were together, anyway I was just falling asleep when I heard a car pull up outside and then heard the unmistakable voices of my aunt and Valerie.

Then they were in the house and coming up stairs and from the giggling and conversation it was obvious they were both a bit sozzled, and I must admit at that point my cock started getting hard just thinking about two ladies getting undressed.

I had been wanking for about 5 minutes, when I clearly heard the chink of glasses, they were obviously carrying on the party, and I must admit I wanted to go into my aunts room very badly and just wank and cum for them both, however I did not want to intrude on their fun.

Anyway, a minute or so later I heard my aunt say we'd better be quieter, or we'll wake my nephew up, and Valerie who knew me very well by then said Jack is probably dressed in our lingerie and wanking right now, then I heard my aunt's door open wide and then my door opened and in the half-light I could see that both my aunt and Valerie had taken their dresses off and were now just in lingerie, stockings and stilettos. My aunt was in her red full slip and Valerie in a pale green half-slip. I could see her lacy panties, stocking tops and suspender belt through the semi-sheer slip.

Then one of them switched my light on, and Valerie said to my aunt, told you, your naughty nephew is wanking in our lingerie, and all 3 of us burst out laughing. My aunt then took off her red full slip so that I could see her red panties and bra. I was so stiff by now.

Then my aunt says I should come into her bedroom and have some fun, and all three of us walked the short distance to my aunt's bedroom, and almost as soon as we were in the room my aunt started to take off her half cup bra. Being a gentleman, I volunteered to unhook it as Valerie who dropped her slip on the floor was now standing next to my aunt's bed, with her knickers pulled down to just above her stocking tops was playing with her pussy.

I made sure that I pushed my very hard knicker clad cock right into my aunt's tummy as I reached behind her and unhooked her bra, which I let fall to the floor and I immediately went to town on her very erect nipples, by then I was up for anything so I asked her to turn around so I could pull her knickers down and take them off, and as I got them down to her ankles my aunt overbalanced and fell forward onto the bed, and what a sight she presented her pussy and bum hole where completely exposed and I acting almost on auto pilot and not knowing exactly what I was doing dropped my knickers to the floor and quickly stepped out of them then I literally shoved my cock into her very wet pussy and went balls deep on my first thrust which I'm glad to report made my aunt gasp.

I do not think even Valerie had expected this and her mouth was wide open, her green knickers had now fallen around her ankles. However, her fingers were moving faster and faster inside her pussy, as she stood and watched me fuck my aunty.

For what seemed like eternity my hard cock was balls deep in my aunt then I almost completely pulled out and shoved it back in, and got an even louder gasp from my aunt, that was it I just pumped my cock in and out of her sopping wet pussy as fast as I could go. My aunt was now audibly moaning.

I got into a good rhythm and just went like a steam piston, and after I suppose 15 minutes of actually fucking my aunt's pussy, I felt myself cumming so I just shoved my cock back in and shot jet after jet of creamy cum into her pussy.

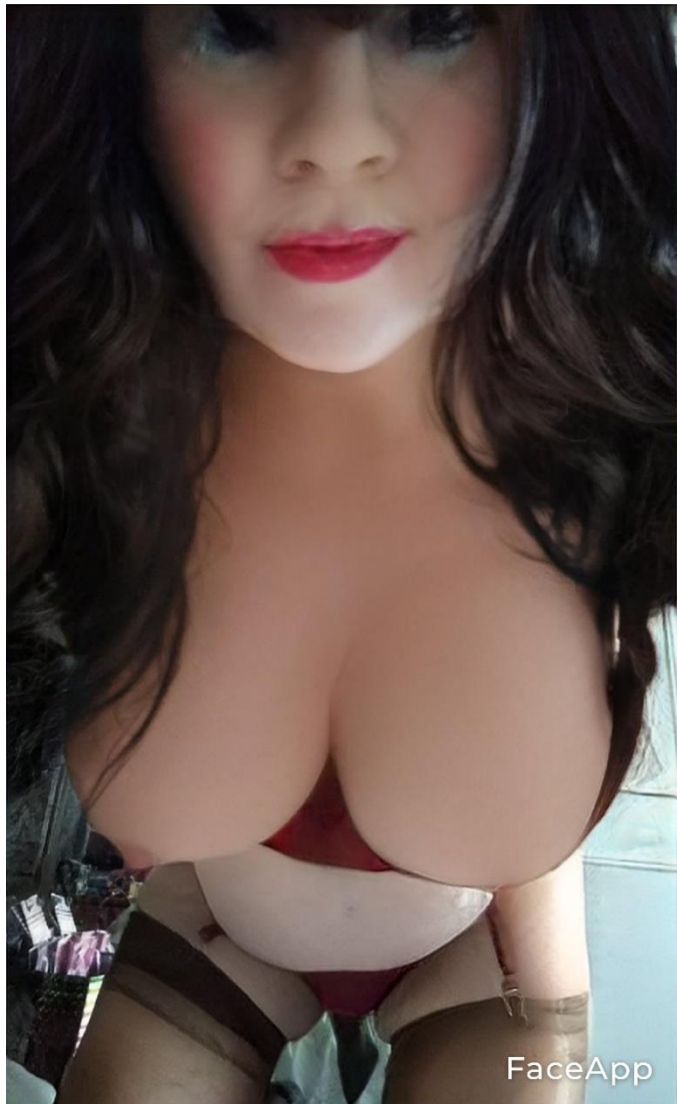

When I pulled out I saw my cum dribbling out of her pussy and I felt fantastic, and my aunt said that for a first time it was very good, and she said she wanted my cock again if I could manage it, well then I was almost constantly hard so as my aunt spoke to me my cock just got harder and harder, this time my aunt was in the driving seat and she told me to lay down on her bed, which was made doubly sexy because right next to me was Valerie who by now had cum and was playing once again with her pussy.

Anyway I lay on my back and my aunt straddled me and as she did so her very large and beautiful breasts just covered my face it was brilliant, and then she naughtily asked Valerie to guide my cock into her, so for the first time other than just washing me Valerie grabbed my hard cock and placed at the entrance of my aunt's pussy and my aunt lowered her sopping wet and warm pussy on my cock until it was all inside and then she proceeded to fuck me, which was totally brilliant as her breasts where accessible to me to lick and kiss, and Valerie was beside me playing with her pussy and my aunt just rode me for ages until she came first and her juices flowed over my body and soaked the bed covers and then taking the hint I started seriously thrusting into her and shot another big load into her.
