

What is Theft Protection?

ProAuto's Theft Protection uses the latest part marking technologies to apply a permanent traceable code to strategic areas of the vehicle. This unique technology is designed to deter the theft of your vehicle by making it less desirable to thieves. In the event the vehicle is stolen, the unique code allows for easy identification of the vehicle and its parts. If your vehicle is stolen and not recovered, ProAuto™ provides your choice of \$2,500, \$5,000, or \$7,500 limited warranty program benefit for the loss.

Program Benefits:

- Permanent traceable codes strategically placed throughout the vehicle allow for identification of recovered vehicle and parts
- Anti-theft warning decals reduce the vehicle's desirability to thieves
- Deters theft and helps identify and recover stolen vehicles
- If the vehicle is stolen and not recovered, ProAuto provides your choice of \$2,500, \$5,000, or \$7,500 limited warranty program benefit
- Anti-theft device protection discounts offered by many insurance carriers
- Choose the term and benefit level that is right for you
