

# CELEBRATING THE REBIRTH OF VISION: JESUS OF NAZARETH, THEN AND NOW

Fridays, December 3, 10, 17, 2021  
10:00 - 12:30 Eastern Time

A three part virtual conversation with  
Diarmuid O'Murchu  
and  
Anne Luther

As we celebrate the holidays, Christmas time, some of you may want to explore further this Jesus of Nazareth, whose birth and life, for some, is the impetus for honoring these weeks of Advent/Christmas. What seems significant is to explore, and discover more fully, the vision that moved Jesus in his life, in his particular time and culture within a specific culture and set of traditions. What are the characteristics, qualities, frames of reference, that have a timeless quality about them, that sense of the sacred that wants to be passed on?

Rather than remain overly fixated on the Baby Jesus, let's look more deeply at the entire life of the adult person and the Spirit infused vision that inspired him and may continue to inspire and motivate us.

Diarmuid and Anne will begin these virtual times together in conversation, reflecting upon the unfolding, over lifetimes of their evolving understanding of Jesus, the vision out of which he seemed to live, the Spirit that moved and motivated him, what impact all this is having upon their own spiritual adventures. Participants will also be invited to engage in conversation, raise any pertinent questions, wonders and insights.

Suggested Offering for Series: \$75
