After 2024 being such a violently baffling and disturbing year, may 2025 be a year in which we will try to shift consciousness in the direction of mutual empowerment, peace, and life-giving freedom. To that end, Emmaus is offering a short reflective weekend, in which Anne Luther will facilitate a conversation with the visionary author, Diarmuid O'Murchu, including an opportunity for group dialogue. Our hope is that this event will awaken in our hearts vision that will inspire, action that will be transformative, and a sense of hope that will make a difference for a better 2025.

Diarmuid O'Murchu is a graduate of Trinity College, Dublin Ireland, a social psychologist whose working life has been in social ministry predominantly in London UK. He is a prolific author whose books include Quantum Theology, Eco Spirituality, In The Beginning Was the Spirit, among many others. Diarmuid has offered presentations, workshops, and retreats across the globe including many in the United States. Currently, he resides in Dublin, Ireland.
