

## EXPANDING HORIZONS

### A VIRTUAL CONVERSATION

WITH PAULA D'ARCY AND ANNE LUTHER

"CONSIDERING OUR GROWING EDGES

WITHIN AN EVOLUTIONARY PERSPECTIVE"

WHEN? JULY 22, 2021

TIME? 10-12:30 EST

Being convinced that, as adults, there is a need for greater dialogue and on-going conversation about significant issues and concerns in our contemporary lives, ASR&E is offering opportunities to engage, reflect and ponder what it is that really matters. For what are we hungry, and longing? In our desire for fuller meaning we are met with continually expanding horizons which an evolutionary age will continue to demand and elicit. Let's engage with one another about that!

**MEET PAULA:** The author of many books, she is also a retreat facilitator and former psychotherapist. In 2001, Paula founded Red Bird Foundation, a non-profit which supports the growth and healing of all who want to live with a more open heart and greater awareness, including those in prison. Paula's own experience of deep loss continues to inform her work.

**AND ANNE** is actively involved in the ministry of spiritual accompaniment, facilitates and leads programs and retreats focused on various aspects of life and spirituality. She is the founding director of a small not for profit, Adult Spiritual Renewal & Empowerment ([www.asrenewal.org](http://www.asrenewal.org)).
