THE NEW STORY, EVOLUTION, SPIRITUALITY,
EXPANDING CONSCIOUSNESS**

SPONSORED BY ADULT SPIRITUAL RENEWAL & EMPOWERMENT
Five Tuesdays in November, 2, 9, 16, 23, 30, 2021
1:00 to 3:30

A series designed to explore the 14 billion year evolutionary process with special emphasis on the emergence and on-going evolution of the human species. What is the New Story? What is the story that has come to dominate our Western cultures? We will explore how a change in world view necessarily impacts our spirituality, actually every aspect of our lives. What may need to be left behind in order to move forward creatively for the good of all?

Facilitated by Anne M. Luther and using various resources and media within an interactive adult learning process. Anne is the founding director of Adult Spiritual Renewal & Empowerment, is active in spiritual accompaniment and retreat ministries. Her main interest lies in adult empowerment requiring an expanded consciousness, enlarged frames of reference within a spirituality that is about all of life.
