## ABOUT US

EST. 2011

Lighthouse Cabinet and Countertops, Inc. was founded in 2011 and operates out of Canton, GA. With an excellent staff and product, Lighthouse provides superior cabinets, countertops, hardware, and other accessories for the hospitality industry.

Collectively, Lighthouse has over two decades of experience in importing quality cabinets and countertops and four decades of renovation experience in hospitality. We have developed a clear expectation of excellence with our vendors and they continue to consistently deliver superior product at a competitive cost.

Our company is built on the belief that customer satisfaction is priority and our goal is to continuously improve. With over 850 projects completed, we pride ourselves in providing quality materials and service. We look forward to being your cabinet and countertops specialists.

## PRODUCTS & SERVICES

### COUNTERTOPS

Professionally fabricated tops made of granite, quartz, marble, or soapstone. All colors, styles, edge treatments, and finishes are available. With the capability to match our clients preferred specifications - If your designers can design it, our craftsmen can fabricate and install it!

### CABINETS

Quality cabinets tailored to our customers design, style, color, construction, material requirements, and layout. Our products are made specifically for our customers. We do not inventory therefore we can provide exactly what our customers desire. Our cabinets are formaldehyde free and finished with a pre-catalyzed finish for extreme durability.

Bumper-2 European style hinge American style soft close hinge
