2023-2024

Carolina Scholé Community
Academic Calendar

Community Days – These are our regular class days

Scholé Events – Four in total, these days/evenings will compliment our curriculum and our considered part of our academic year. The ones listed on Tuesdays are daytime events during regular school hours. The two listed other days will be held in the late afternoon/evening. We may adjust the evening based on survey responses, but that gives you an idea of the week. Final dates will be announced over the summer. We would love for families to make every effort to attend like you would a regular school day.

Break Weeks – These will be a break from our regular schedule but we will have some special field trips on some of the weeks. Of course we would love everyone to attend but just make plans as you are able.

Special Events

The ones listed on this calendar represent our major events of the year and we would ask that you make every effort to attend. We will be adding more special events throughout the year like mom's nights, field trips, family events, etc. We know you can't make every one so just plan as you are able but these two are part of our academic calendar.

August 10th – Orientation and Teacher Work Day. We will have a meeting with all of the moms to go over information for the school year (dads are welcome to attend), then time to socialize. This will also be our designated "teacher work day" for those of us that need to organize classroom materials or meet with assistant teachers before the year begins. Please make every effort to be there. If you can't attend please let us know so that we can get the pertinent information to you another way. Middle School orientation will be the same day and students are expected to attend. If you have a middle school student, please plan to set the day aside. If you only have elementary students, the formal portion of the day will be around 3 hours.

August 11th – Couples Dinner in the evening. Please plan to attend.

April 25th – End of Year celebration

This will be an evening event that we really hope everyone can attend. We will recognize children that completed the challenges, hand out awards, and set up displays by class and family for people to enjoy browsing.
