In Case You Missed It....

This last week, Susan Cook, Executive Director of Habitat for Humanity, was our speaker and discussed the work of the organization. One of the projects she mentioned was "Cans for Habitat". Did you know that Habitat for Humanity collects aluminum cans and then recycles them and uses the proceeds to help build houses in our community? This program built its first home from CAN proceeds in 2013 and the second CAN home in 2021. Can you help??
