Re: Mr. John McDonald

To whom it may concern:

Over the past year and a half, I have had the opportunity to get to know and interact with Mr. John McDonald in connection with the financing of the 212 bed Meadows Hospital in North Las Vegas, NV.

John has played a major role in identifying, promoting, and managing this ambitious project. John identified the site, raised equity, defined the scope of the project, secured financing, negotiated with City officials, selected architect and contractor, and obtained political and community support for the project.

Perhaps most important, John was able to assemble a team of professionals who had the right chemistry to work together in a constructive manner toward a common objective in implementing his vision.

John's creativity, drive, persistence, and ability to enroll others in committing time and energy toward his development objectives is extraordinary.

Sincerely,

A handwritten signature in black ink, appearing to read "Peter A. Wessel".
