BRIDGEPOINT HOMEOWNERS' ASSOCIATION

"RULES AND REGULATIONS"

TOWNHOUSE SALES AND LEASING

- "ARTICLE IX" of the "DECLARATION of the BRIDGEPOINT HOMEOWNERS ASSOCIATION, INC.", governs the procedures and restrictions regarding the sale, leasing, and occupancy of lots. Owners and tenants should familiarize themselves with these requirements.
- Real Estate "OPEN HOUSES" ARE NOT ALLOWED AT BRIDGEPOINT TOWNHOMES. Properties for sale or lease may be shown by appointment only.
- LOCKBOXES ARE PROHIBITED, exceptions in the case of an approved, one time (only), emergency.
- Owner shall maintain townhome in good condition free of violations, and HOA payments shall be up to date before renting property.
- The Association requires a Security Deposit of \$ 1,000.00 from Lessee (s) and such deposit shall only be used in connection with repairs in the event that Lessee damages the Association's common areas. Security Deposit will be returned, thirty (30) days after Lessee (s) permanently vacates the premises.
- Car decal should be removed from the front windshield and returned to the Guard on duty upon permanently vacating the premises. It is the Homeowner's responsibility to make sure that the property is in good condition before another lease (s) is approved.

OCCUPANCY AND MAINTENANCE OF TOWNHOMES

- "ARTICLE IV", Section 2-A of the 'DECLARATION of the BRIDGEPOINT HOMEOWNERS ASSOCIATION, INC.', states that "**Each owner shall keep and maintain his lot in a neat, orderly fashion**" and all visible parts of the home must be in good condition and repair. You must maintain both the front of your townhome, and the area inside of your privacy wall (no umbrellas or objects that can be seen from the outside) in accordance with the governing documents.
- Back patio, as well as the grassy area beyond the rear privacy fence of the townhome, must be kept clean and free of debris, and unnecessary objects that have become broken or dilapidated must be promptly discarded.
- The grassy area beyond the rear privacy fences (Embankment/common area), is not intended to be a walkway for homeowners or pets. It must be kept clear of debris, and not obstructed for access by maintenance and emergency personnel.

- All controlling laws, ordinances and codes must be observed to maintain the public safety.
- No articles shall be hung out or exposed on any part of the common area, decks, and privacy walls. No item may be placed or stored in the common areas by an owner, renter, or guest. Bicycles, toys, furnishings, and/or outdoor equipment may not be left in roadways, driveways, lawn areas or on the "Limited Common Areas" overnight or indiscriminately strewn over the common areas at any time. It is the responsibility of the homeowner or tenant/lessee (s), to maintain their mailboxes clean of mold.
- The front entrance/porch and/or carport facia must be cleaned regularly to remove the black algae (*Gloecocapsa magma*). A simple solution is to spray wash or pressure clean the area with a 50 percent mix of water and bleach or scrubbed off with a brush. For your protection please wear a mask while performing this cleaning.
- "ARTICLE IX", Section 7 of the "DECLARATION of the BRIDGEPOINT HOMEOWNERS ASSOCIATION, INC.", governs the procedures and restrictions regarding "Occupancy of Guests". Owners and tenants should familiarize themselves with all the requirements. No home may be occupied by more than one family and no homeowner may rent rooms individually.
- As required by law, homeowners shall have installed and maintain (both homeowners/renters), in their townhome, smoke detectors in good working order, always. No flammable, combustible, explosive or chemical substances shall be kept in any townhome/lot, except for those for normal household use.

HOMEOWNER PROPERTY INSURANCE

- BRIDGEPOINT is a homeowner's association ("HOA"). As such, each owner is required by the 'DECLARATION of the BRIDGEPOINT HOMEOWNERS ASSOCIATION, INC.," "ARTICLE VII", Section 17C, (2) to insure his or her (s) townhome against loss from fire or casualty, for the maximum insurable value, and provide proof of such insurance to the Association. The Association ONLY maintains insurance, on the "Common Area" property.

CHANGES TO A TOWNHOUSE

- Since maintaining the architectural integrity of BRIDGEPOINT is vital to maintaining the beauty of our community and the value of each owner's investment, our documents require the "Board of Directors" to vigorously enforce the rules which govern changes to a Lot.
- You may not make changes, alterations, improvements, or repairs to the exterior of your property without prior approval, as set forth in the governing documents. The Form that must be completed in order to request approval for architectural changes may be downloaded from our website www.Bridgepointhoa.com, obtained from the

guard on duty or our management company. Said forms must be completed to include all related pertinent project information, as requested (refer to form "REQUEST FOR APPROVAL OF CHANGE TO A TOWNHOUSE" (RAC) and to the "DATA SHEET ON MATERIALS APPROVED FOR USE IN OUR COMMUNITY". The Architectural and/or Landscape "Committee Members" shall review each request for architectural changes and make recommendations to the "Board of Directors" which has the final approval authority. Initial request for approval must be submitted prior to commencement of the work.

No work shall begin until approval has been received.

- Final approval of such work will only be provided to the Homeowner (s) once a final walkthrough by the Board and/or Committee member is completed and approved.
- If the proposed additions, alterations, improvements, or changes are not in compliance with community standards and/or were done prior to approval (or not commenced in accordance with a given approval), they will not be approved and if work has commenced, a townhome owner shall be responsible for restoring the property to its original appearance. The Board of Directors and Association shall act under the authority given by the governing documents.
- The ARCHITECTURAL CONTROL COMMITTEE, is charged with reviewing for the "Board of Directors" all proposed requests for changes to the exterior of a townhouse, such as installation of awnings, storm shutters, satellite dishes, all exterior lighting, decks, docks, fences, screen enclosures or other patio covers, and any other items/changes that may materially affect the structural components or alter the exterior appearance of a townhome or Lot.
- You may **NOT** change or alter the exterior fixtures above the front door and/or back patio lights from the original Nautical Bulkhead Light, as such lights are vital to maintaining the architectural integrity of BRIDGEPOINT. The "Board of Directors" will enforce violations.
- A coach light, in black, similar to the community streetlight's, maximum 18" in height, can be installed on top of the townhome entrance column by the gate, provided that written approval has been obtained from the Association prior to installation. The owners with the "Chateau" model, which has columns on either side may install (2) lamps, one on each side, provided that written approval has been obtained from the Association prior to installation.

- Privacy fence (back patios/terraces), must be wood painted in WHITE, is a joint responsibility of the homeowners. Must be always maintained in good condition, repairs and replacements must be in the same current style and height, not to exceed 6 ft.

LANDSCAPING/OUTDOOR LIGHTING

- The LANDSCAPE CONTROL COMMITTEE is charged with reviewing for the "Board of Directors" all proposed requests for CHANGES to a townhome's landscape. Since the landscape maintenance covers only routine upkeep of the lawns, trees, shrubs and a limited amount of plant replacement, owners are encouraged to make the investment needed to maintain the areas in front and in the rear of their lots area level at least equal to the overall standard in the community. The HOA has the right to require an owner, upon written notification, to remove any dead or unsightly plants, in their landscape area. The homeowner or renter shall restore the area pursuant to approval by the "Landscape Control Committee".
- Minor changes such as planting seasonal flowers or replacing dead or unsightly plants with like kind may be commenced on a Lot, without prior committee approval; although, consultation and or authorization from the Committee is strongly encouraged.
- Homeowners should not plant any trees, plants, or shrubs in any of the common areas or damage any of the trees in the community.

Mulch in excess can clog our drains. Homeowners with mulch need to be observant that the mulch is not being swept into the drains.
- You may install "LOW VOLTAGE" gardens lights, no higher than 18" tall along in the front area of your parking space if they do not interfere with lawn maintenance. These are
