

ABOUT MICROAESTHETICS

MicroAesthetics is a brand of clinical aesthetics services and cosmetic laser education.

MicroAesthetics has two locations: in beautiful Ocotillo district in Chandler and our Mesa location on Gilbert and Southern. The MicroAesthetics brand provides a variety of services and products for both clients and students.

- MicroAesthetics Advanced Aesthetics
- MicroAesthetics Laser Education
- MicroAesthetics MD Luxury Skincare

MicroAesthetics offers a wide range of advanced clinical skin care services/treatments, laser education and clinical skincare products

MicroAesthetics is under the direction of Isabel Calleros, a 48-year veteran in the aesthetics industry and a team of licensed and certified professionals include aestheticians and laser technicians who collectively have years of experience in the skin care and medspa environment. Our five star-rated hospitality and skill set, combined with the spa's clean and tranquil environment, provide both treatment results and personal relaxation. We guarantee that you will receive optimum treatments for your specific needs. We utilize medical grade products and FDA approved laser and light technologies.

MicroAesthetics Laser proudly uses ZO Skin Health®, EltaMD®, MicroAesthetics MD™ to tailor the perfect treatment to meet individual needs.

For a personalized consultation with one of our professionals, call the office or book your appointment online today.

Our philosophy is based on "Looking awesome at any age"

What is MicroAesthetics?

MicroAesthetics embraces a non-invasive approach to a healthy skin lifestyle by achieving looking your best at any age.

FACIALS

The MicroAesthetics Signature Facial and skin treatments are designed to restore the radiance and vibrance of the skin. Each service has a specific target that focuses on your individual skin care needs. Pricing may vary according to any add-ons.

- LED Light Therapy (add on service) \$25
- Dermaplaning (post treatment or laser-30 min.) \$55
- MicroAesthetics Express (Hydrate-30 min.) \$55
- MicroAesthetics Refresher (Deep pore-30 min.) \$55
- Dermaplaning (retexturizing treatment-60 min.) \$75
- Luxury Facial (w/hyaluronic acid collagen mask) \$85
- Restore Facial Massage (Face, neck, shoulders scalp, hands/arms, \$85
- Advanced Skin Treatment (Hydro Tx-90 min.) \$145

CHEMICAL PEELS

Chemical peeling provides an intensive exfoliating treatment for skin conditions such as acne, scarring, hyperpigmentation, melasma, fine lines and wrinkles, sun damage, age spots, large pores, sagging skin and unbalanced skin texture. Only medical grade solutions are used for optimum treatment results. These peels can serve as a pre-treatment to most intensive skin treatments or as a general maintenance of the skin. Chemical peels may be performed in a single session or in a package of 3.

- Chemical Peel \$99
- Vita-A-Overlay (maximum exfoliation) \$125
- Specialty Peels (Single application) \$150
- Specialty Peel Package-3 \$350

MICRONEEDLING

Recognized as one of the most popular trending skin treatment, microneedling is the process inducing micro-fractional channels into the skin and allowing the skin to heal itself. The skin is strengthened and stimulated to form new collagen and elastin resulting in a firmer the collagen-elastin network. An ideal treatment for scarring on both the face and body, superficial fine lines and wrinkles, glycation of the skin, scarring, pigment clusters and melasma.

- Single Treatment \$ 150
- Trio Package \$ 400

LASER | CO-2

The CO-2 Cool Peel by Cartessa Lasers is a skin resurfacing treatment. An advanced skin resurfacing treatment for aging skin and the resistance of wrinkles in the brows and frown lines, yet gentle enough for the delicate skin that surrounding the eyes and lips. This treatment shows significant changes in just one treatment with NO downtime.

- Cool Peel (single treatment) \$500
- Cool Peel (package of 3) \$1000
- Tetra CO-2 (deeper treatment) \$1200

LASERS | RADIO FREQUENCY

A skin retexturizing treatment which includes the lifting and tighten of loose skin, acne scarring and damaged blood vessels to give a firmer and more refined texture to the skin. A one-of-a-kind laser treatment utilizing high radiofrequency and micro plasma technology to create skin micro punctures for collagen stimulation and self-healing.

- Full Face (single treatment) \$350
- Full Face (package of 3) \$700

EXOZOME TREATMENT

Exosome facial rejuvenation increases skin collagen by 300% in treated areas. Exosome treatments are designed to be applied topically on the face, neck, décolletage, hands and scalp after use of microneedling, laser, or other skin abrasion aesthetic procedures to promote recovery time and enhance treatment results for fine lines, wrinkles, discoloration, tone, brightness, and texture.

- Ala-cart to any skin treatment \$45

LASER PICO

The Pico laser is state of the art for pigment and tattoo removal. An increased release of pigment or tattoo ink is noticed with each treatment. To receive the full effect of pigment and tattoo reduction, there is a minimum number of treatments spaced out every 60 days. Check with the laser technician for a complimentary consultation.

- Tattoo Removal (per square inch or linear inch) \$50
- Melasma (face) \$299
- Skin Tightening \$250

E-2 SKIN TIGHTENING

The E-2 is a radiofrequency and infrared light that provide a control energy of dermal heat to remodel the deep layers of skin and stimulate active collagen growth for long-term skin tightening. The Sublime Treatment focuses on the facial contouring while the Sublative Treatment targets the skin resurfacing. Generally, 3 Sublime and 3 Sublative treatments are given on the same day, once a month for 3 months.

- Sublime-RF Face (facial contouring) \$300
- Sublime-RF Neck (neck contouring) \$150
- Sublative-200 Face (resurfacing) \$400
- Sublative -200 Neck (resurfacing) \$200
