# PHYSICAL MEDICAL EXPERT SERVICES

Designed to enhance your health,  
safety, and performance!

## FUNCTIONAL CAPACITY EVALUATION

Assesses an individual's physical abilities and limitations in relation to work tasks. This evaluation helps determine the person's capacity to safely perform job-related activities, guiding return-to-work decisions and rehabilitation planning.

## WORKSITE ASSESSMENT

One-off expert service ensuring safe and suitable return to work. Includes identification of suitable duties and/or employment with assessment of physical and/or psychological demands of duties at workplace. Followed by recommendations of appropriate workplace modifications to accommodate a worker's capacity for work with an agreement by involved parties on return to work arrangements.

## TASK ANALYSIS & JOB DICTIONARY

Breaking down job tasks into their component parts to understand demands of each activity, identifying risks and necessary accommodations. Job Dictionary serves as comprehensive resource with detailed descriptions of job tasks, physical demands, and conditions, aiding in assessments, job descriptions, and training programs.
