

VYBE CONSULTING

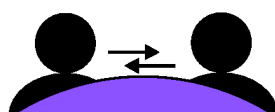

REHABILITATION CONSULTING

Guiding Recovery, Restoring Lives.

PRE-INJURY RETURN TO WORK

Develop programs for an individual to ensure a safe, timely and sustainable return to work with the pre-injury employer. Specialised interventions to overcome barriers.

VOCATIONAL COUNSELLING

Assessing transferable skills, employment history and career plans to develop suitable employment goals with labour market insight. Includes consultation with treating doctor to obtain approval and researching any necessary upskilling.

FIT FOR WORK

Collaboration with treating team to increase capacity to meet physical and/or psychological demands of job roles. Includes identification of suitable work placements, intervention programs and upskilling to improve employability and confidence.

RESTORATION TO THE COMMUNITY

Assess background history, current medical considerations and rehabilitation goals to develop a program for independence and improving wellbeing. Includes community engagement and support services, volunteering, ADL supports, leisure activities, accommodation, transport needs and psychosocial supports.

SUITABLE EMPLOYMENT ASSESSMENT

A one-off assessment that identified an individual's transferable skills, experience, aptitudes and preferences to identify suitable employment goals in line with their medical abilities. This includes labour market information and approval by the treating doctor.
