LET GENESIS PREFERRED SOLUTIONS BECOME YOUR CONTRACT RFP DEPARTMENT

YOU CAN'T WIN IF YOU DON'T PLAY.

*Note: It is against the regulation for any agency organization to make claims of guaranteed awards. It is the determination of the contract-issuing or bid-issuing organization or entity to determine the award of the contract or bid. You further understand that we will provide all documents submitted on behalf of your company for any bid submission to maintain transparency.

BID, BID, BID NOW!

We want to submit bids on your behalf for long-term and long-lasting opportunities. Whether it is a \$5,000 or \$500,000 opportunity, let's work together to give yourself and your business a chance to grow exponentially.

You are already Certified MBE, SBE, WBE, HUB, or DBE! What are you doing with your certification(s) now? Are you bidding on RFP's or contracts now? Have you won anything?

YOU CAN'T WIN IF YOU DON'T BID

Let us bid for you right now! You just might win !!!

HOW IT WORKS

OUR STRATEGY: "We work with existing Certified M/WBE's who are in Professional Services only. We will locate local RFPs for digital submissions only within your Scope and NAICS."

OUR PROCESS: Review opportunities for scope of work, requirements, and capacity to ensure you are provided with accurate intelligence in determination of your bid (that you provide)

YOUR PARTICIPATION: Provide us with all necessary documents in the specific time period. Collaborating with our Team will assure your documents are completed and submitted within the Entity's portal.

YOUR COMMITMENT: We will need to work together to submit the responses for your company. You must attend all pre-bid meetings, provide updated notes, amendments, and addendums to properly create or modify Response submission. Promptly and effectively communicate all terms and information to assure transparency. We win more contracts together! The RFP Success® Company knows that high RFP win rates are driven by much more than just the content you drop into your RFP proposals. Consistently winning RFP teams have key characteristics that set them far and above the competition.
