

DULL BITS DON'T CUT IT

Why throw out dull, dirty and expensive drill bits? Why not make them like new again! Introducing the Pro Spot PR1000 Spot Weld Drill Re-Sharpener. The fastest, most economical drill bit sharpener on the market today. Sharpen drill bits to new condition in seconds and save thousands!

Before

After

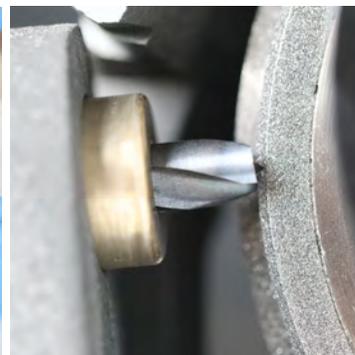

STEP 1

Match the drill bit to the collet that fits its diameter.

STEP 2

Lock the collet and feed it into the holder.

STEP 3

Turn on the sharpener and proceed to sharpen the drill bit.

STEP 4

Next, sharpen the pilot bit. Press gently onto the sharpening wheel.

ENJOY YOUR "GOOD AS NEW" DRILL BIT AND ALL THE TIME AND MONEY YOU WILL SAVE!
