

SP-5 DP

DOUBLE PULSE MULTI PROCESS WELDER

PRO SPOT
QUALITY WELDING SYSTEMS

The New Pro Spot SP-5 Double Pulse MIG Welder was designed with microprocessor controls and weld programs specifically geared for the collision repair industry. Applications include Aluminum MIG/MAG, MIG Brazing, Steel MIG/MAG, Root Welding, TIG and MMA/Stick Welding.

Features:

5-Torch System - 3 dedicated MIG torches and spools that make switching materials as easy as grabbing a torch!

Double Pulse Technology - Allows for precise heat control and weld aesthetics. Great for vertical welding!

208/220 Single Phase Power - Great arc stability on the thickest and thinnest of materials.

SMART Software - Welding is as easy as grabbing the torch and clicking the trigger. The software instantly changes to the correct weld settings and gas automatically.

Easy Updates & Upgrades - Keep your welder updated via the USB Port.

User Defined Memories - Save and recall more than 200 working points and store them in a customizable job list.

Technical Specifications

Input Voltage: Single Phase
208 - 230v 33A
50/60 hz

Amp/Volts Min - Max: MMA - 5A/20.2V-
200A/28V,
TIG - 5A/10V-
200A/18V,
MIG - 20A/15V-
200A/24V

Protection: IP 23S

Cooling: Fan Cooled

Insulation: H

System Weight: 205lb (93kg)

3 DEDICATED TORCHES

ALUMINUM • SILICON BRONZE • STEEL

NO SPOOL GUN
REQUIRED

50-7117 :
Aluminum 5554
1.2mm - 2kg

50-7208 :
Mild Steel
0.8mm - 5kg

50-7038 :
Silicon Bronze
0.8mm - 2kg

3 DEDICATED SPOOLS FOR EACH MATERIAL

760-407-1414
