

MISSOURI PRESCRIBED FIRE COUNCIL APPLICATION FOR EQUIPMENT GRANT

The Missouri Prescribed Fire Council has two potential sources of funding for prescribed burn equipment. One is through a grant received from the National Wild Turkey Federation, the other is grant funds via the Missouri Department of Conservation, dedicated for MPFC use. There are different criteria for the award of funds, depending upon the source.

Missouri Prescribed Fire Council Funds

Equipment requests will be handled on a first come first served basis. The Executive Committee may elect to forward the request to Ben Webster (MDC) for consideration and funding through the MDC grant, depending upon status of MPFC funds.

To qualify:

- the cooperative must have an adopted set of by-laws and governing body as confirmation it is a legitimate burn cooperative.
- the burn cooperative must submit a request in writing to the MPFC Executive Committee itemizing the equipment and cost of each item listed (request cannot exceed \$4,999).
- the request must show a 1:1 match (i.e. the cooperative must show an equal amount in dollars or in-kind that they are requesting in their proposal and the value of existing equipment or volunteer hours are acceptable).
- the request must contain the name and location of the burn cooperative, contact person, and where the equipment will be stationed.
- If MPFC funds are limited and MDC funds are recommended by the council, the cooperative must register in MO Buys (<https://missouribuys.mo.gov/>).

MPFC funds are also available for travel support for meetings. See MPFC Application for Travel Support for more information.

Submit requests to John Burk at jburk@nwtf.net or to 7152 Tomahawk Lane. Steedman, MO 65077.
