

100-213

# LH1010 Clamp-on Ammeter

**ACCURATE RUGGED VERSATILE RELIABLE**

- AC and DC clamp on current measurement up to 1000A
- Compact lightweight design
- Autoranging 400A / 1000A
- Excellent accuracy
- Display-Hold for convenience in use
- Conformance to IEC1010 and EMC standards
- Low battery indicator

### **High Accuracy**

Advanced jaw design means that the LH1010 accuracy is little affected by external magnetic fields and ensures stable zeroing characteristics for DC measurements.

### **Compact Design**

The LH1010 is pocket sized and allows easy access to small spaces and difficult to reach conductors.

### **IEC 1010 and EMC Conformance**

IEC 1010 safety features including a tactile barrier and special jaw design provide the user with confidence when making measurements in hazardous voltage areas.

Conformance to EMC standards ensures high reliability through reduced susceptibility to electromagnetic interference.
